

OC Streetcar Project Update

August 4, 2022

Track Installation Progress

Track Installed as of July 2022

05.10.2018
Prepared by HDR, Inc.

Fourth Street Station Stops

French Street Platform

Sycamore Street Platform

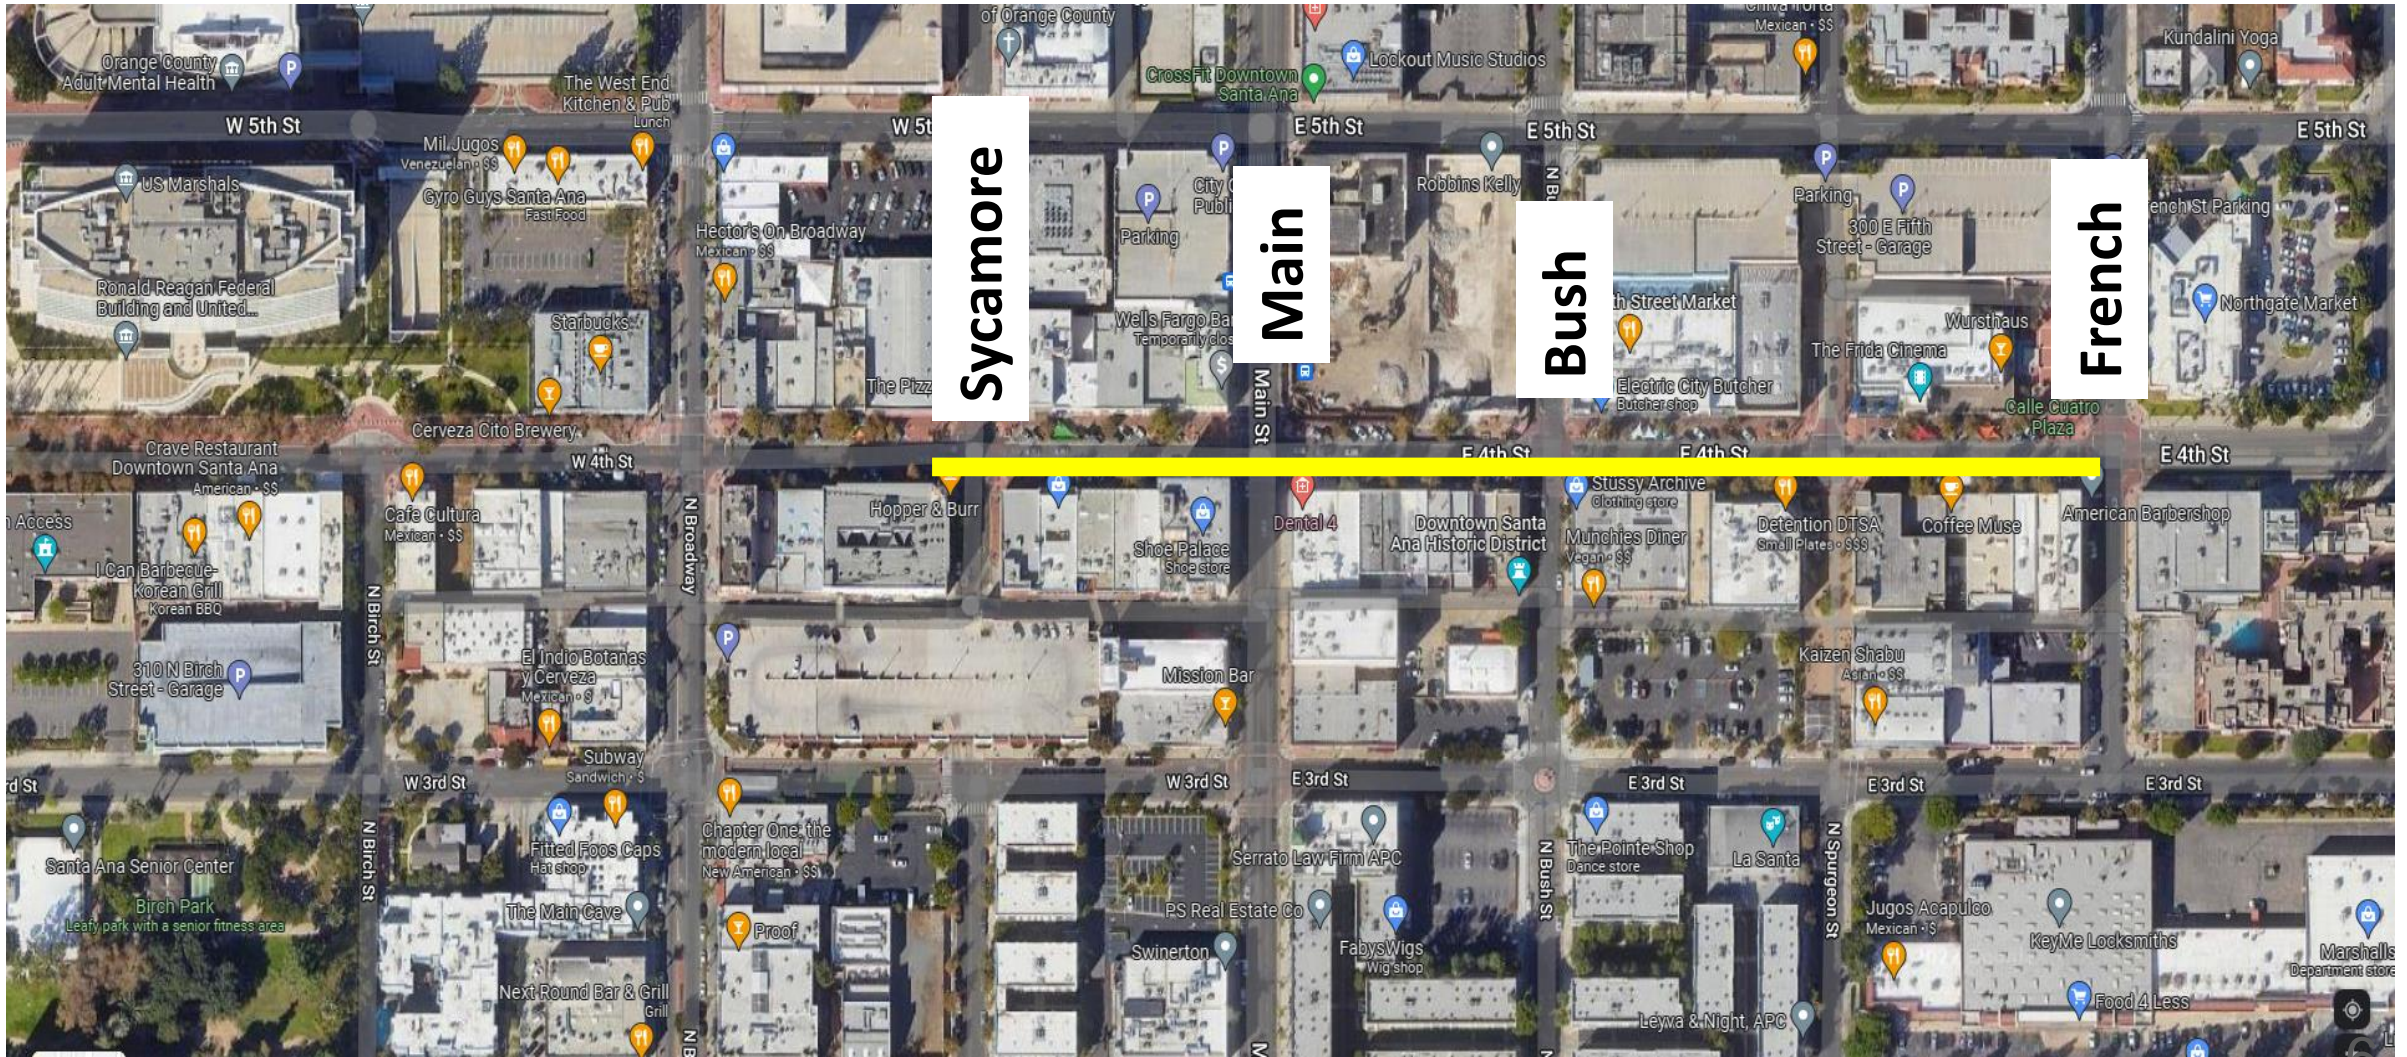

Community Concerns on Construction Activity

- Pacing/sequencing of the work
 - *OCTA has approved extension of work hours for the contractor where additional hours can be performed effectively*
 - *Contractor is allowed to work weekends when efficient to do so*
- Construction relief during the holidays
 - *Ongoing discussions with Contractor to evaluate options for ensuring roadway is open to traffic on 4th Street by Thanksgiving*
 - *Working with City and community for their input on those options. Will be discussing at community meeting on August 4.*

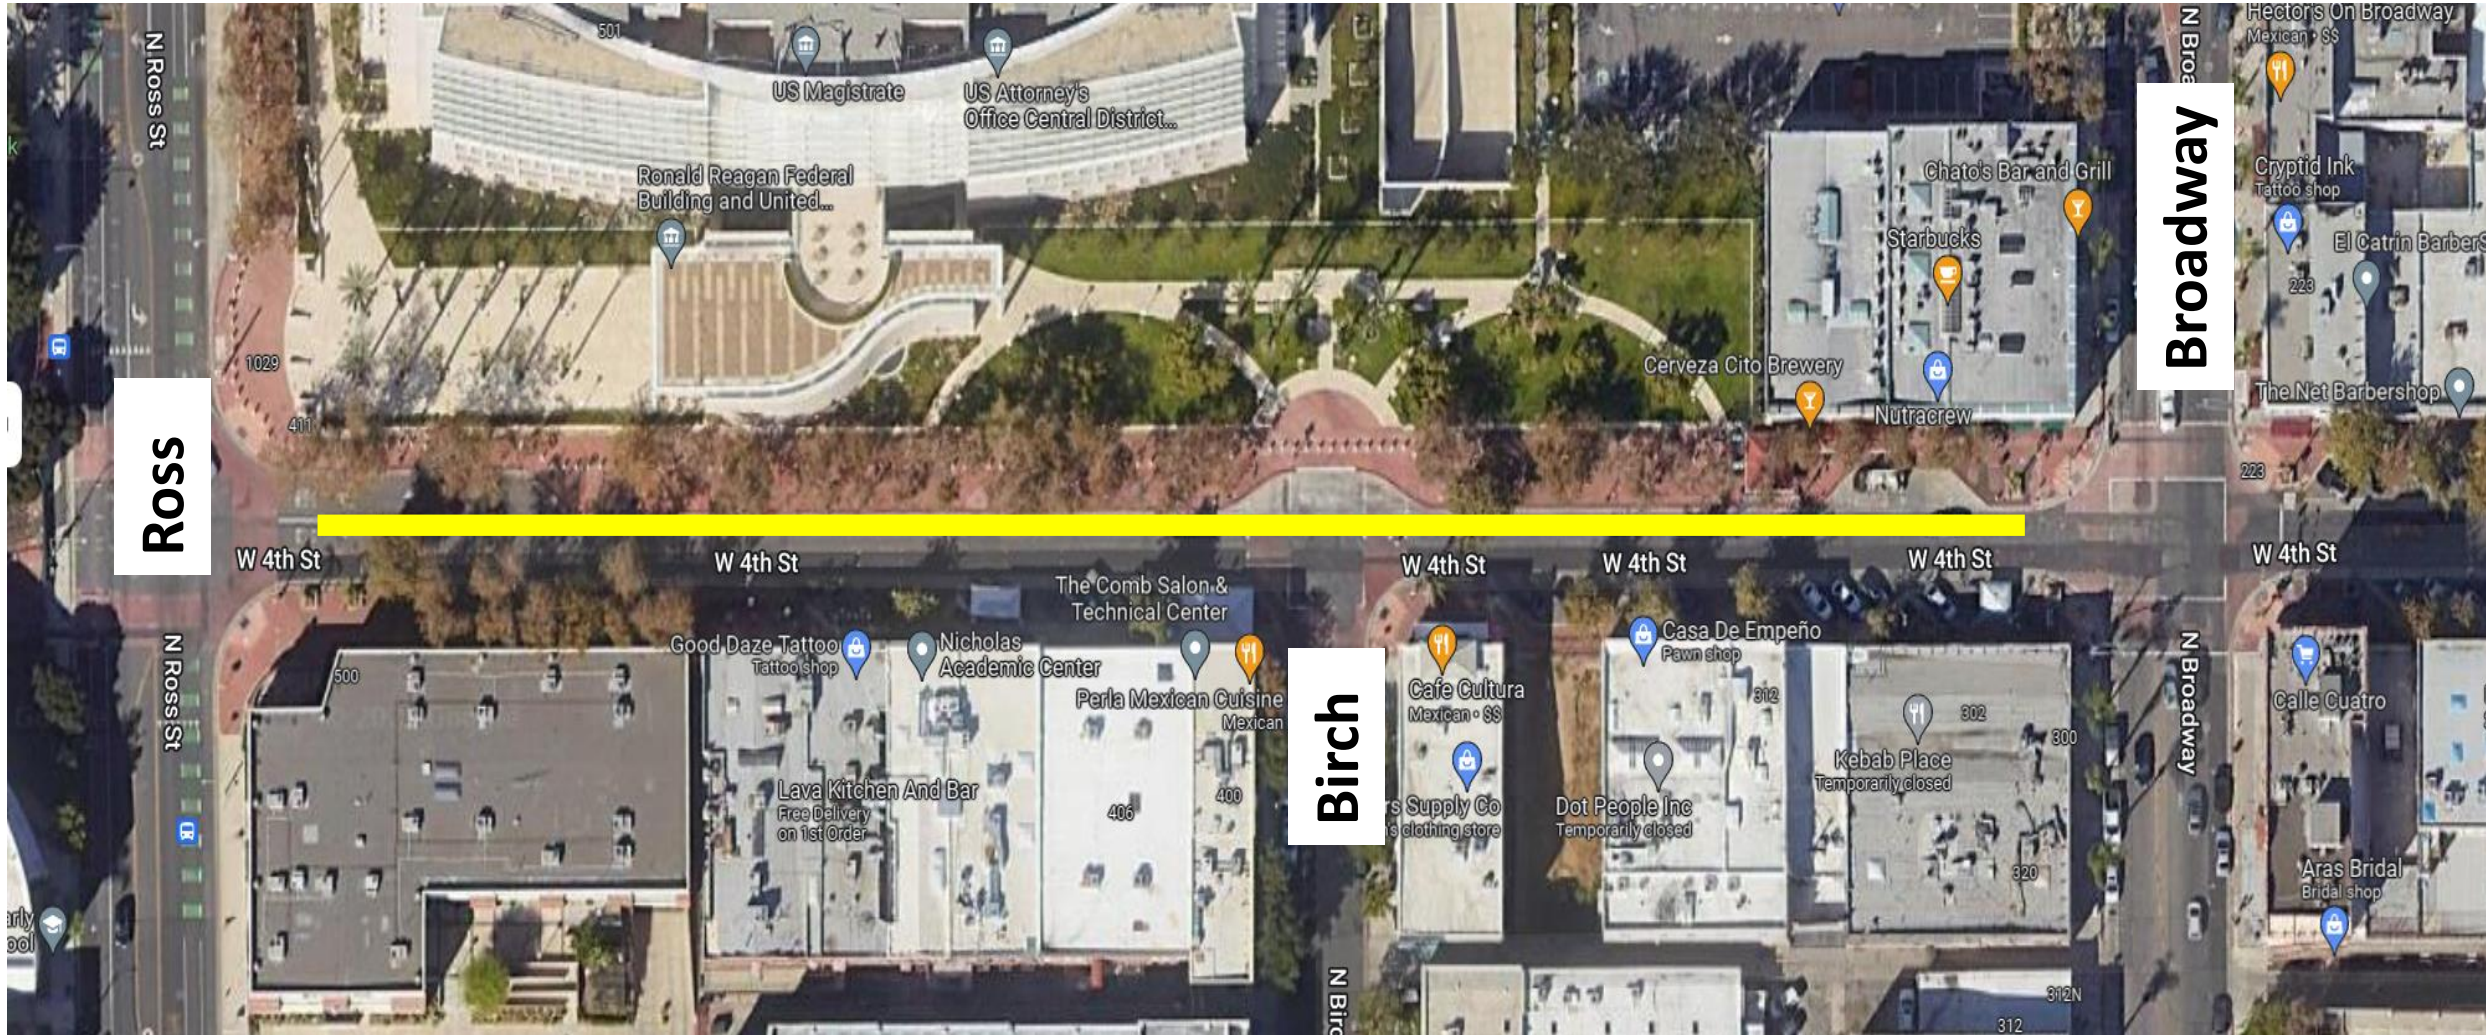

4th Street/Ross Street Intersection

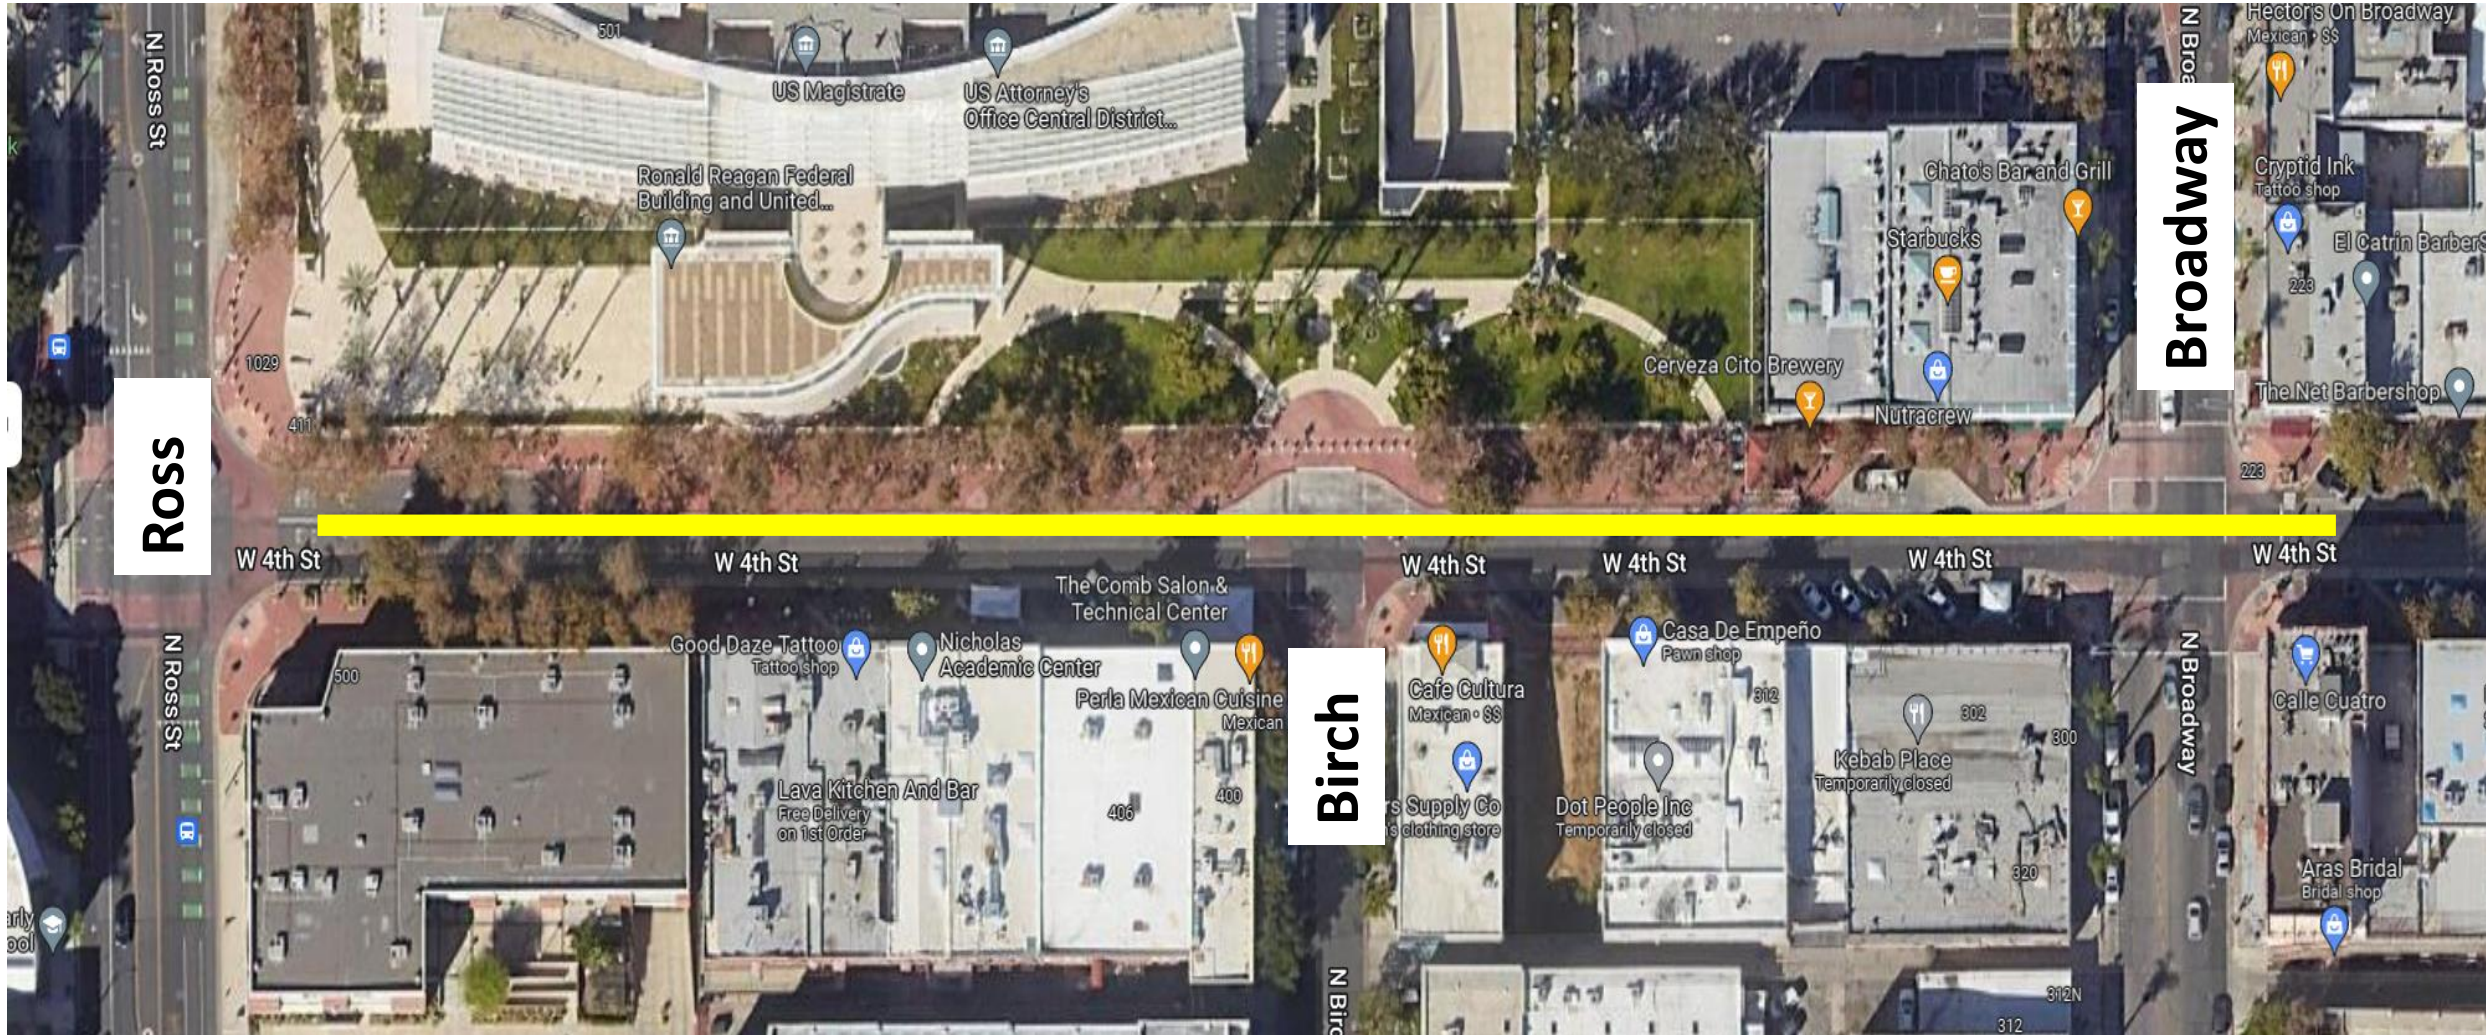

Sycamore to French Paving – August 24 & 25

Broadway to Ross – August 15

Broadway to Ross – August 25

Late November
