

Summer 2017

Nearly 2 Million Trips Taken on the New 8-mile Riverside Extension

Living Life on Time Every Day

Save Time on the Way, Save Money When You Get There

New Toll Adjustments Effective July 1, 2017

Nearly 2 Million Trips Taken on the New 8-mile Riverside Extension

The first seven weeks of the new 8-mile Riverside extension have shown there was a great need for this addition to the 91 Express Lanes, as drivers have already taken 1,873,279 trips. Now more people can get to work and home quicker, and spend less time sitting in traffic.

If you haven't given the new Riverside Extension a try yet, here are a couple of tips to make your drive even smoother:

- When traveling westbound, you can begin your trip at McKinley Street on SR-91 or Ontario Avenue on I-15. You can exit at the county line or continue through the Orange County segment to the SR-55 and SR-91 interchange.
- When traveling eastbound, you can begin your trip at the SR-55 and SR-91 interchange or at the county line, and continue through the Riverside County segment to SR-91 at McKinley Street. You can also access I-15 South when traveling in the left lane of the 91 Express Lanes.
- The toll rate signs at your point of entry will display the price for traveling one segment or the entire 18 miles. For toll rate schedules, visit 91ExpressLanes.com.
- Make sure your transponder is properly mounted.
- If you're a carpooler with three or more occupants, make sure you use the dedicated HOV3+ lane at both the Orange and Riverside County toll points to receive the carpool discount.

Customer Service Centers

We have two 91 Express Lanes Customer Service Centers to serve you—one in Corona and one in Orange.

OCTA Store

600 S. Main Street
Orange, CA 92868

Store Hours:

- I-15 North

Westbound County Line Destinations

- Gypsum Canyon Rd.
- 241 Toll Road
- Weir Canyon Rd./Yorba Linda Blvd.
- Imperial Hwy.
- Lakeview Ave.

Living Life on Time Every Day

As part of our 20th anniversary celebration, we asked you to tell us stories about how the 91 Express Lanes made a difference in your life. We received hundreds of submissions, and it was gratifying to see how, every day, the 91 Express Lanes helps you live life on time. You get to work on time. You get home on time. You get to soccer games, weddings, school plays and vacations on time. You get to whatever's important in your life on time. And that's the whole point of the 91 Express Lanes. You keep making those plans, and we'll keep helping you live life on time.

One of several stories featured on 91expresslanes.com:

“On the day my 25th wedding anniversary cruise departed from San Pedro, our truck had a dead battery and we were running late. We got to the port in time because we drove past the traffic. We kept telling ourselves how lucky we were to not be sitting in it. Thank you, 91 Express Lanes!”

– Gloria

Save Time on the Way, Save Money When You Get There

Orange County has so many fun ways to spend a day. And with the discounts your 91 Express Lanes transponder entitles you to, the day is even better.

Like the water and sea life? There's Davey's Locker Sportfishing and Whale Watching in Newport Beach, Captain Dave's Dolphin and Whale Watching Safari in Dana Point and the Aquarium of the Pacific in Long Beach.

Maybe land animals are more your style. If that's the case, there's Zoomars Petting Zoo in San Juan Capistrano and the Santa Ana Zoo.

And be sure to reserve a day or two to broaden your horizons at the Laguna Art Museum, the Orange County Museum of Art and the Mission San Juan Capistrano.

Some offers require coupons. Find them along with more details at 91expresslanes.com/discounts.

New Toll Adjustments Effective July 1, 2017

Each year, tolls are subject to a cost-of-living adjustment (COLA) specified by OCTA and RCTC toll policies approved by each respective Board of Directors. Beginning July 1, tolls will increase 2 percent (rounded up or down to the nearest 0.05 cent increment).

In addition, tolls will continue to be adjusted on a regular basis in Riverside County for the next few months to ensure optimum traffic flow throughout the day. A number of toll adjustments have already been made since the lanes opened in March.

The most current rates are always displayed on the signs at the entrances to the 91 Express Lanes, and are also at our website, 91expresslanes.com. You can see the rates for every express lane segment, in Orange County, Riverside County or both.

And as always, thank you for being a 91 Express Lanes customer.
