Measure M2 Summary

In November 1990, Orange County voters approved the Revised Traffic Improvement and Growth Management Ordinance, known as Measure M (M1). This implemented a one-half of one percent retail transaction and use tax to fund a specific program of transportation improvements in Orange County for 20 years. On November 7, 2006, Orange County voters approved the renewal of Measure M, known as Renewed Measure M (M2) for a period of 30 more years from April 1, 2011 to March 31, 2041. In August 2007, the Orange County Local Transportation Authority Board of Directors approved the M2 Early Action Plan to advance the completion of projects prior to the start of sales tax collection in April 2011. A Plan of Finance was adopted in November 2007 identifying a tax-exempt commercial paper program as the preferred method of funding Early Action Plan projects.

The Orange County Local Transportation Authority (OCLTA) is responsible for administering the M2 sales tax program, which commenced on April 1, 2011 for a period of 30 years. The M1 sales tax program was completed and closed out in June 2015.

Demonstrating accountability for the receipt and expenditure of M2 funds is accomplished through the issuance of annual reports on M2 activities. The reports for M2 activities through June 30, 2022 are included as Schedules 1-3. The following is a summary of the purpose, format and content of each schedule. The following response is being submitted to address results from the agreed-upon procedures performed on the Measure M2 Status Report as of, and for, fiscal year ended June 30, 2022.

Procedure C.4 – Accrual of Expenditures

Crowe Selected a sample of 40 expenditures from Column J and compared them to invoices and supporting documentation to determine whether the sampled expenditures were properly accrued and classified.

Exception: Procedure C.4. Identified an over accrual of \$1,317,605 related to one expenditure selection, by comparison of the invoice to supporting documentation. No other exceptions were found as a result of these procedures.

Management's Response: Management concurs and has strengthened internal controls over expenditure accruals. In addition, the Accounting department will add an additional level of review to ensure expenditure accruals are tracked in comparison to actual invoices received, and adjusted or reported accordingly for the fiscal year.
