

Interstate 405 Improvement Project

Project Location

Project Mission

- Reduce congestion
- Enhance operations
- Move more vehicles and people, more quickly
- Provide trip reliability
- Minimize environmental impacts
- Build project generally within existing footprint
- Limit right-of-way acquisitions

Significant Project Features

- Two new lanes in each direction (one GP and one tolled express lane)
- 18 bridge replacements plus new and widened bridges
- Interchange reconfigurations
- Merge lane improvements
- Arterial street improvements
- New and replaced soundwalls
- New bike lanes and sidewalks
- Anticipated 5.5-year design-build contract duration
- Project cost is approximately \$1.9 Billion

Bridge Replacements

New Lanes

I-405 looking northwest at Springdale Street bridge

What are Express Lanes?

- Dedicated, separated lanes in freeway median
- Provides the choice to pay a toll for a reliable, predictable trip at free-flow speed
- Reduce demand in regular lanes
- In operation 24-hours a day, 7-days a week
- FasTrak account and transponder required to use Express Lanes
- Pre-set toll prices that vary throughout the day based on congestion
- No toll booths

Access Points

405 Express Lanes Initial Toll Policy

	Solo Drivers	2-Person Carpools	3+ Person Carpools
First 3 ½ Years After Opening*

Ongoing Community Outreach

- Neighborhood meetings
- Civic and community presentations
- Committees
- Media relations
- Business & School outreach
- Project web page & video
- Construction email alerts
- Social media
- Text Alerts
- Google detour maps & Navigation Apps

How You Can Help

- Use our team as a resource
- Encourage database sign-ups
- Promote social media pages
- Partner with us to promote your business

Project Next Steps

Notice to Proceed No. 1 issued to DB Team	January 2017
Notice to Proceed No. 2 issued to DB Team	May 2017
Design and construction	2017 - 2022
Project, including 405 Express Lanes, opens	January 2023
