

Interstate 405 Improvement Project

Open House Meeting

Project Location

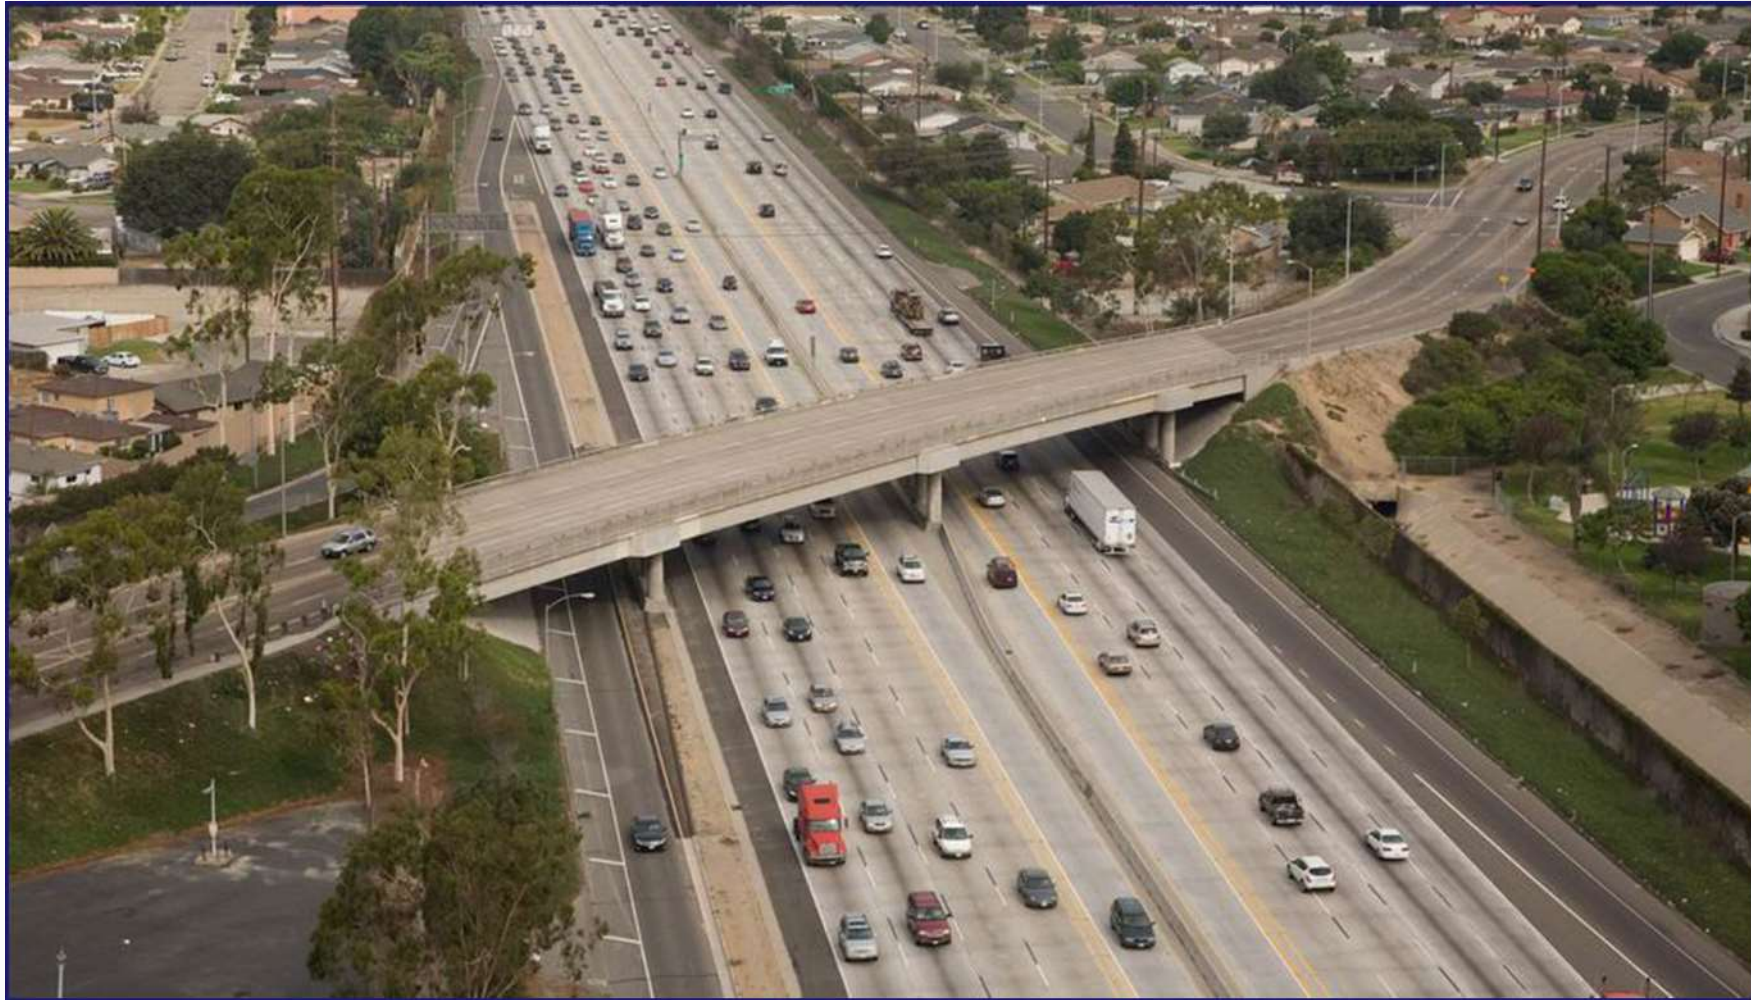

Project Mission

- Reduce congestion
- Enhance operations
- Move more vehicles and people, more quickly
- Provide trip reliability
- Minimize environmental impacts
- Build project generally within existing footprint
- Limit right-of-way acquisitions

Existing Condition

Rendering of I-405 looking northwest at Springdale St. bridge

New Lanes

I-405 looking northwest at Springdale Street bridge

Significant Project Features

- Two new lanes in each direction (one GP and one tolled express lane)
- 18 bridge replacements plus new and widened bridges
- Interchange reconfigurations
- Merge lane improvements
- Arterial street improvements
- New and replaced soundwalls
- New bike lanes and sidewalks
- Anticipated 6-year design-build contract duration (2017 - 2023)
- Project cost is approximately \$1.9 Billion

Anticipated Bridge Construction Timeline

Phased Bridge Construction

East Side of Bridge Replaced & Construction Complete

What are Express Lanes?

- Dedicated, separated lanes in freeway median
- Provides the choice to pay a toll for a reliable, predictable trip at free-flow speed
- Reduce demand in regular lanes
- In operation 24-hours a day, 7-days a week
- FasTrak account and transponder required to use Express Lanes
- Pre-set toll prices that vary throughout the day based on congestion
- No toll booths

Access Points

Construction Activities & Updates

Construction officially commenced on March 6, 2018

Early construction activities will include:

- Clearing and Grubbing
- Temporary Paving
- Installation of Concrete Barrier (K-Rail)
- Installation of Temporary Construction Area Signs

Project Financing

Funding Source	Amount
OC Go Sales Tax Funds	\$1.135 billion
State Funds	\$90 million
Federal Funds	\$46 million
Federal TIFIA Loan (Secured by Toll Revenues)	\$629 million
TOTAL	\$1.9 billion

Public Outreach Update

New Project Videos

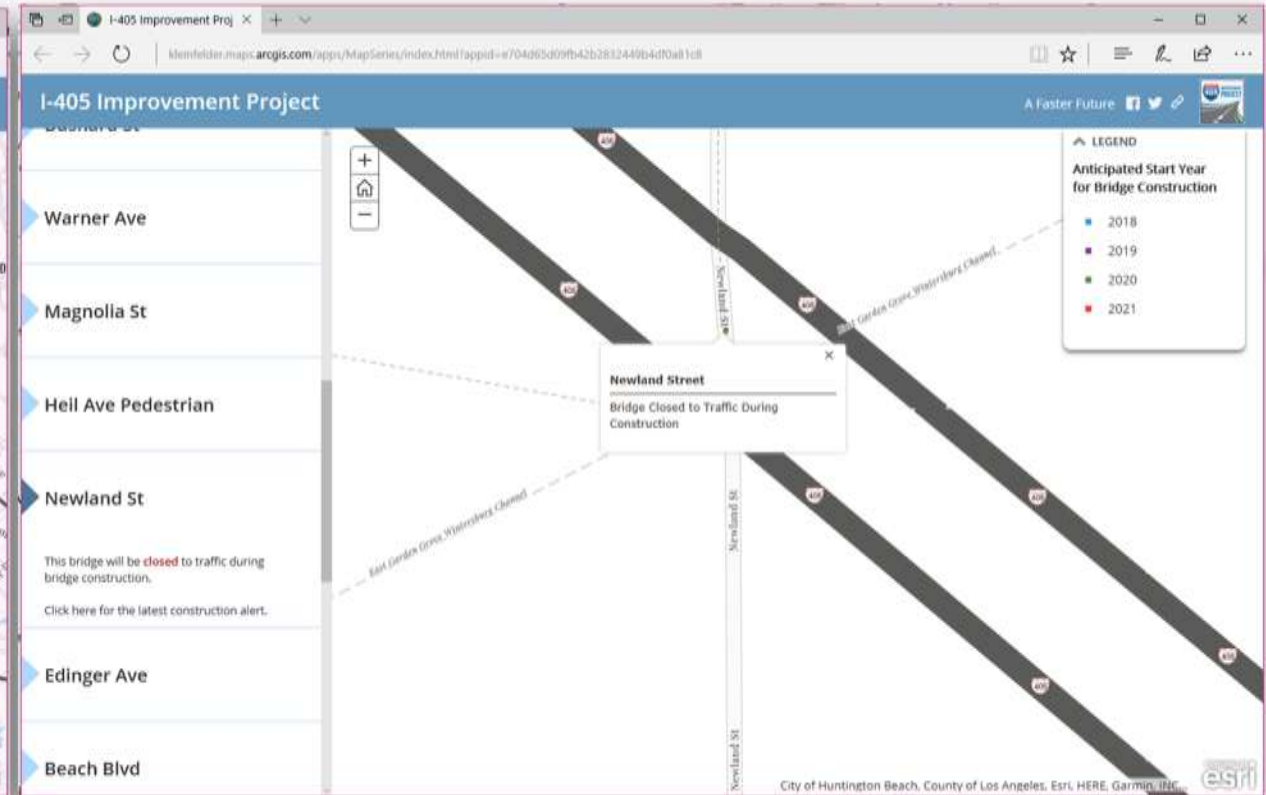

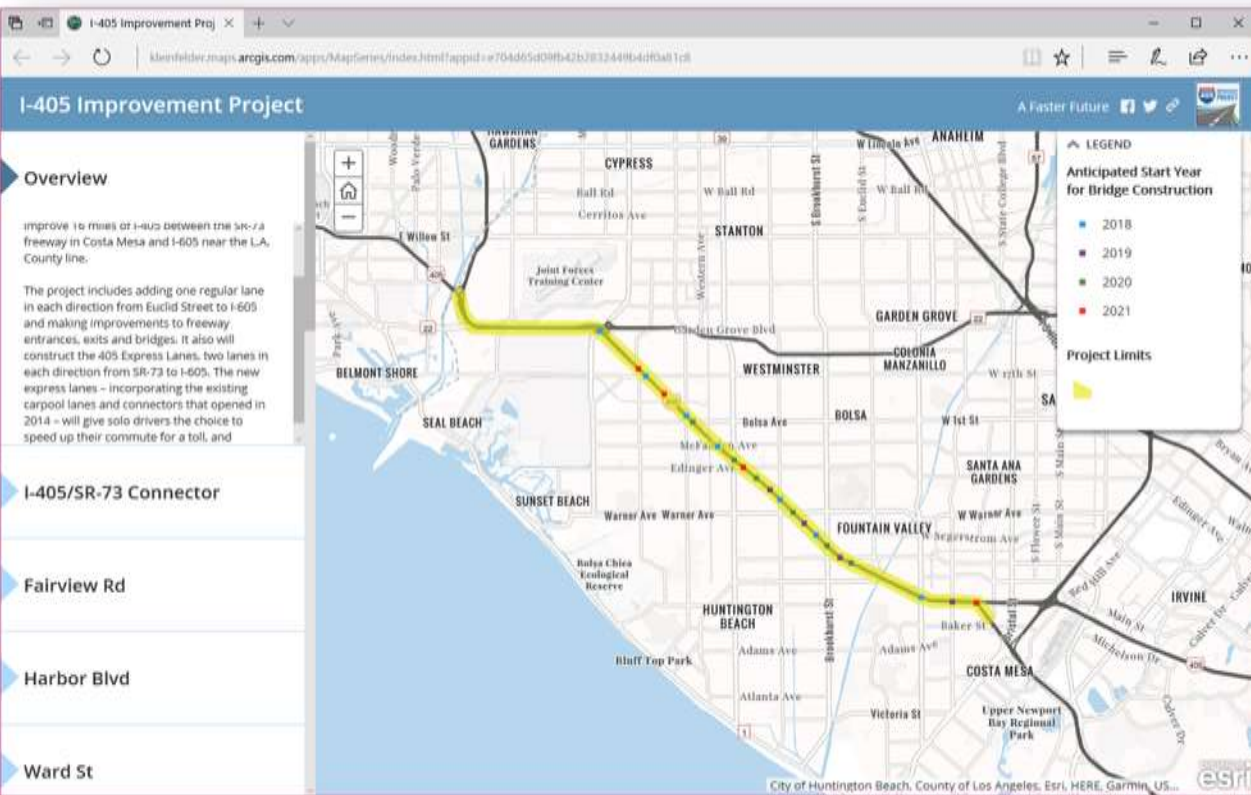

- Now available on our website
- www.octa.net/405improvement
- There are two episodes; each one provides different information about various aspects of the 16-mile project

DID YOU KNOW...
You Can Add an I-405 Interactive Map Widget on your Mobile Device?

Visit www.octa.net/405map

iOS

1. Press the share button
2. Press Add to Home Screen

Android

1. Save the website as a bookmark
2. Open the bookmarks page
3. Press and hold the I-405 Interactive Map icon
4. Add to Home Screen

The graphic shows three smartphones: an iPhone displaying a home screen with a widget, another iPhone displaying a home screen with various app icons, and an Android phone displaying a map of the I-405 corridor. A callout box provides instructions for adding the widget to both iOS and Android devices.
