# I-405 Improvement Project

## McFadden Neighborhood Meeting

### Frequently Asked Questions

#### **Why is the McFadden Avenue bridge closing?**

Crews will be demolishing and rebuilding the bridge as part of the I-405 Improvement Project. The bridge is closing on Tuesday, Aug. 7, for predemolition activities. Demolition is anticipated to begin on Aug. 18. Dates and times are subject to change.

#### **What's involved in constructing the new McFadden Avenue bridge?**

The bridge will be rebuilt in one stage and will be closed to traffic during construction. Detours will be in place; however, motorists should expect delays.

#### **How long will it take to construct the new bridge?**

Construction will take approximately 12 months.

#### **Will the bridge be open to pedestrian and bicycle traffic?**

No. The bridge will be completely demolished and rebuilt in one stage; it will be closed to all traffic.

#### **What are the detours when the bridge is closed?**

The detour routes are:

##### **Eastbound Routes (EB)**

- EB McFadden Ave. to NB Goldenwest St. to EB Bolsa Ave. to SB Beach Blvd.
- EB McFadden Ave. to SB Goldenwest St. to EB Edinger Ave. to NB Beach Blvd.

##### **Westbound Routes (WB)**

- WB McFadden Ave. to NB Beach Blvd. to WB Bolsa Ave. to SB Goldenwest St.
- WB McFadden Ave. to SB Beach Blvd. to WB Edinger Ave. to NB Goldenwest St.

#### **Will neighborhoods near the bridge be accessible?**

Yes, residential and business access will be maintained.

#### **What are the hours of construction activities?**

In general, most of the work will be performed during the day behind temporary concrete barriers, known as k-rail. However, some activities, such as placing the k-rail, striping lanes, shifting traffic and demolition, must be done at night for the safety of work crews, motorists, pedestrians and bicyclists.

#### **What should the neighborhood expect during demolition?**

Demolition will include the use of equipment to break up concrete, and bulldozers and trucks to remove rubble. Water trucks will be on-site to keep dust to a minimum as required by permit.

#### **Will noise levels be monitored?**

Yes. Caltrans standards will be enforced. Residents may hear back-up alarms and noise from other construction activities. The alarms are required for employee safety purposes by state regulation on all construction equipment in use. The sound level must be audible for 200 feet and distinguishable from the surrounding noise.

## McFadden Neighborhood Meeting

### Frequently Asked Questions

#### Have surrounding businesses, schools and churches been notified?

Yes.

#### How will the neighborhood be notified of upcoming activities?

Flyers will be delivered approximately one week prior to all major activities, such as demolition and pile driving. In addition, the OCTA Community Outreach Team will notify residents, businesses and motorists of all activities via weekly email and text alerts, on the project website and via social media.

#### What are the detours for bus routes that use McFadden?
