

October 10, 2012

The Orange County Transportation Authority has begun construction of the Placentia Avenue and Kraemer Boulevard undercrossings. In accordance with federal railroad safety regulations, residents should expect to hear an increase in the frequency of train horns because of construction activities on and around the railroad tracks, regardless of quiet zone designation.

Regular work hours are Monday through Saturday, 7 a.m. to 8 p.m.

The following construction activities are anticipated to begin during the next two weeks:

Placentia Avenue

- Install shoring for bridge, pump station and retaining wall construction
- Install hand railing on various retaining walls
- Continue to remove portion of abandoned gas line within roadway excavation limits for Placentia Avenue
- Install temporary waterline along the west side of Placentia Avenue
- Miscellaneous demolition and removals, and install waterline improvements along Fender Avenue

Kraemer Boulevard

- Begin installation of footing piles at retaining wall 1
- Start placement of temporary shoring for bridge construction
- Install reinforced concrete box (RCB) north of shoofly (temporary rail) tracks
- Form, set reinforcing and pour radius box storm drain

Orangethorpe Avenue

- Pre-construction activities for the Orangethorpe Avenue and Tustin Avenue/Rose Drive overcrossing projects are continuing with utility relocations along Orangethorpe Avenue

Please remember you can follow construction progress on the individual project pages at the OC Bridges website. Please visit www.ocbridges.com. (Click on the individual project page, scroll to the bottom and watch the daily progress)

If you have any questions about this notification or other project issues, please contact:

Tresa Oliveri, Outreach Project Manager, (714) 560-5374 or toliveri@octa.net or see below for additional options to “Get Connected/Stay Connected.”

Job Safety is OCTA’s Top Priority

- Slow down and watch for workers and equipment
- Allow extra time to get to work, school and appointments
- Be extra careful when driving at night and in rainy weather
- Avoid use of mobile phones or other distractions
- Watch for closures and follow detours
- Be patient. Remember that this is a short-term inconvenience for a long-term solution.
