

# OC Bus Perk Pass

## WHAT IS THE PERK PASS?

The Perk Pass Program allows employers to provide affordable bus passes to their employees. Each ride costs only \$1.25 per boarding, with a maximum monthly cost of \$69 per person. OCTA tracks usage and sends out one simple monthly billing statement. Employers can choose to subsidize all or part of the cost or pass it on to employees – either way, everyone wins.

### Commuter Benefits

- Save on transportation costs
- Stress-free commute
- Use for non-commute trips
- More time to relax, read, or catch up on work

## How Does the OC Bus Perk Pass Program Work?

OCTA's annual Perk Pass is a swipe-card that can be used on any local OCTA fixed-route bus. When employees board a bus for work or play, they simply swipe their card in the farebox. That's it! OCTA provides the cards for free.

## Program Qualifications

To qualify for the Perk Pass Program, a company needs only 10 or more bus-riding employees.

## Employer Benefits

- A valuable, no-hassle employee benefit
- Reduce payroll taxes by participating in a mass transit program
- Decrease parking costs
- Simplified administrative process is done electronically

### Is Perk Pass for you?

Have 10+ current or interested OC Bus riders

Have employees that live within 10 miles of the office

Are interested in offering commuter benefits
