

OHL NA

OHL North America

OUR STORY

OHL North America (OHL NA) is a leader in the construction industry, backed by a 100-year legacy of delivering complex civil infrastructure projects worldwide. OHL NA represents the North American arm of international construction company Obrascón Huarte Lain (OHL Group), headquartered in Madrid, Spain. North America is OHL's largest region globally in terms of revenue and volume of work. OHL NA serves major U.S. markets through a network of regional divisions, including OHL USA, Inc., Community Asphalt Corp., Judlau Contracting, Inc., OHL-Arellano Construction, and OHL Building, Inc.

SAFETY COMMITMENT

Safety comes first, in every project, everywhere, and every time. The safety and well-being of our workforce is paramount: we are fully committed to a zero-incident work environment with a safety culture that is built on teamwork and leadership. Our safety vision is simple, "Every person shall go home safe and healthy every day."

HIGHLIGHTS

OUR EMPLOYEES ARE UNITED BY OUR COMMITMENT TO DELIVER THE MISSION AND VISION OF OHL NORTH AMERICA

MISSION

OHL NA's mission is to build infrastructure connecting people and businesses from coast to coast. Our dedicated employees, local and global expertise, and innovative solutions are the foundation of our success.

VISION

Our vision is to be North America's preeminent construction company built with pride and passion, committed to safety, quality, innovation and excellence within the communities where we live and work.

EXPERTISE

HIGHWAYS & ROADWAYS

OHL has constructed thousands miles of highways globally and has completed dozens of improvement projects to enhance safety and efficiency of America's busiest roadways.

Notable Projects:

- I-405 Improvement Orange County, CA
- I-75 Segment A/B, FL
- I-90 Mannheim to Oakton, IL
- I-35 East Widening, TX

RAIL/TRANSIT INFRASTRUCTURE

Over the last few decades OHL NA has delivered numerous projects valued at more than \$4 billion to improve the rail transit systems of North America's largest cities, including New York Metropolitan area, Miami, and Toronto.

Notable Projects:

- Canarsie Tunnel Rehabilitation, NY
- Second Avenue Subway, NY
- AirportLink Metrorail, FL

BUILDING CONSTRUCTION

OHL NA is an expert in the healthcare, senior living, life sciences, hospitality, K-12 and higher education construction markets. The company's knowledge of current building systems, local markets, associated costs, and historical cost database help OHL produce detailed and accurate cost estimates early in the planning process, which have direct benefits on the project.

Notable Projects:

- Horacio E. Oduber Hospital, Aruba
- Center for Innovation at Miami Dade College, FL
- Institute for Healthy Living Life Science & Research at Abacoa, FL

BRIDGES

OHL NA has successfully delivered many large-scale bridge construction and renovation projects in urban and suburban environments.

Notable Projects:

- George Washington Bridge (GWB), NJ
- Henry Hudson Bridge, NY
- La Loma Road Bridge Reconstruction, CA
- Woods Memorial Bridge, MA

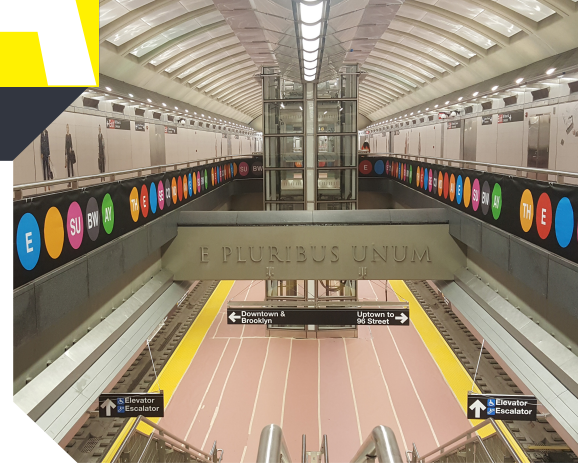

AIRPORT INFRASTRUCTURE

The company has performed reconstruction, drainage, earthwork, and paving work at some of North America's busiest airports, always successfully overcoming the demanding time restrictions and regulatory challenges associated with airport construction.

Notable Projects:

- Fort Lauderdale-Hollywood International Airport, FL
- Chicago O'Hare Mass Grading Project, IL

ENVIRONMENTAL

OHL NA is committed to delivering innovative projects that ease the burden of pollution, restore ecosystems, and expand green spaces.

Notable Projects:

- Machado Lake ecosystem rehabilitation, CA
- Owens Lake Dust Mitigation Phases 9 & 10, CA

WATER RESOURCES

The company has completed multiple water-main improvement projects in and around major urban centers and has the proven ability to complete these complex infrastructure projects with minimal disruptions to traffic and nearby buildings in high-profile areas.

Notable Projects:

- MED 609, NY
- MED 625, NY

TUNNELING

OHL NA uses innovative tunneling techniques to complete complex projects around the world and has completed large underwater and urban tunneling and excavation projects in the North American market.

Notable Projects:

- East Side Access (ESA), NY
- Toronto- York Spadina Subway Extension (TYSSE), Canada
