What's Happening at the Laguna Niguel/Mission Viejo Metrolink Station?

In 2005, the Orange County Transportation Authority (OCTA) adopted the Metrolink Service Expansion Program. Due to the additional train service that has since been implemented, many new customers have switched to Metrolink as their preferred mode of travel. As a result, the parking lot at the Laguna Niguel/Mission Viejo Metrolink Station is frequently full.

The construction of the additional parking lot is anticipated to be completed by the end of the summer and will then be maintained by the cities of Laguna Niguel and Mission Viejo.

OCTA has acquired 1.74 acres of land for the purpose of expanding parking capacity at the station. The additional land is adjacent to the existing parking lot and upon completion will add 176 spaces to the existing 284 spaces.

Get On Your Bike and Ride!

If you enjoy mountain biking and trail riding, Metrolink may be your new best friend. Every Metrolink car can hold up to three bikes. In addition, Metrolink has 17 Bicycle Cars that can carry even more bikes. The bike cars are easily recognizable with their large yellow decals and are specially designed with six stalls on the lower level that hold three bikes each.

METROLINK

## San Clemente Ocean Festival

The San Clemente Ocean Festival, also known as "the greatest show on surf," takes place on Saturday, July 20 and Sunday, July 21. The festival attracts close to 50,000 people annually from across Southern California and from as far away as Hawaii and Australia.

Despite the phenomenal growth this event has experienced over the past three decades, the San Clemente Ocean Festival remains a family oriented event with a wholesome atmosphere, as either spectators or participants.

### Win FREE Metrolink Tickets

On Saturday, July 20 at 8:30 a.m. join OCTA for a pre-festival kick-off event at the Fullerton Transportation Center. The event will include giveaways, prizes and a chance to win free Metrolink roundtrip tickets to San Clemente for the festival. Visit [www.octa.net/oceanfestival](http://www.octa.net/oceanfestival) for more details.

### Helpful Ocean Safety Tips

The City of San Clemente wants you to have a fun time at the Ocean Festival. The ocean can be very exciting but it can also be very dangerous. To make sure you have a safe day, please follow these tips:

1. Learn to swim before going into the ocean.
  2. Swim near a lifeguard and never swim alone.
  3. Don't fight the current.
  4. Check conditions before entering the water by asking a lifeguard and by observing the colored warning flags displayed on lifeguard towers:  
GREEN – Generally Safe  
YELLOW – Use Caution  
RED – Dangerous
  5. Wear swim fins! You will swim faster, safer, and, catch waves easier. Fish use them - why not you?
  6. Do not dive head first into water or allow your head to be driven into the bottom - this can cause spinal injury, paralysis and death.
  7. Parents, watch out for deep holes near the beach. Water that is waist deep to you may be over your child's head.
  8. Don't mix alcohol with water. Alcohol is a major contributor to drowning in the U.S. and is illegal on the beaches in San Clemente.
