Peters Canyon Regional Park General Development Plan Trail & Bikeway Alternatives Planning Workshop #4

When: Wednesday
October 7, 2015
5:30 pm - 7:30 pm

Where: Orange County Fire Authority
1 Fire Authority Road
Irvine, CA 92602

Why: In early 2015, OC Parks initiated the public input process to create a **General Development Plan** (park plan) for Peters Canyon Regional Park. One of the items being considered for the park's trail plan is a paved multi-use trail that would traverse the park. OC Parks has received public comment to consider alternative alignments for the multi-use trail. A consultant has been hired to prepare an analysis of the proposed alternative trail alignments. At the workshop, OC Parks and the consultant will present various trail alignment alternatives for consideration and public input.

RSVP: By Monday, September 28, 2015: peca@ocparks.com
Include number of attendees

Unable to Attend?

If you are unable to attend the workshop, we still want to hear from you! For your convenience, following the workshop you will be able to review the presentation and exhibit maps from the project website:
