

Northbound State Route 57 Freeway Improvement Project  
from Orangewood Avenue to Katella Avenue  
CAC Bicycle/Pedestrian Subcommittee  
Tuesday, September 18, 2018

Presented by Fernando Chavarria  
[fchavarria@octa.net](mailto:fchavarria@octa.net) and 714-560-5306

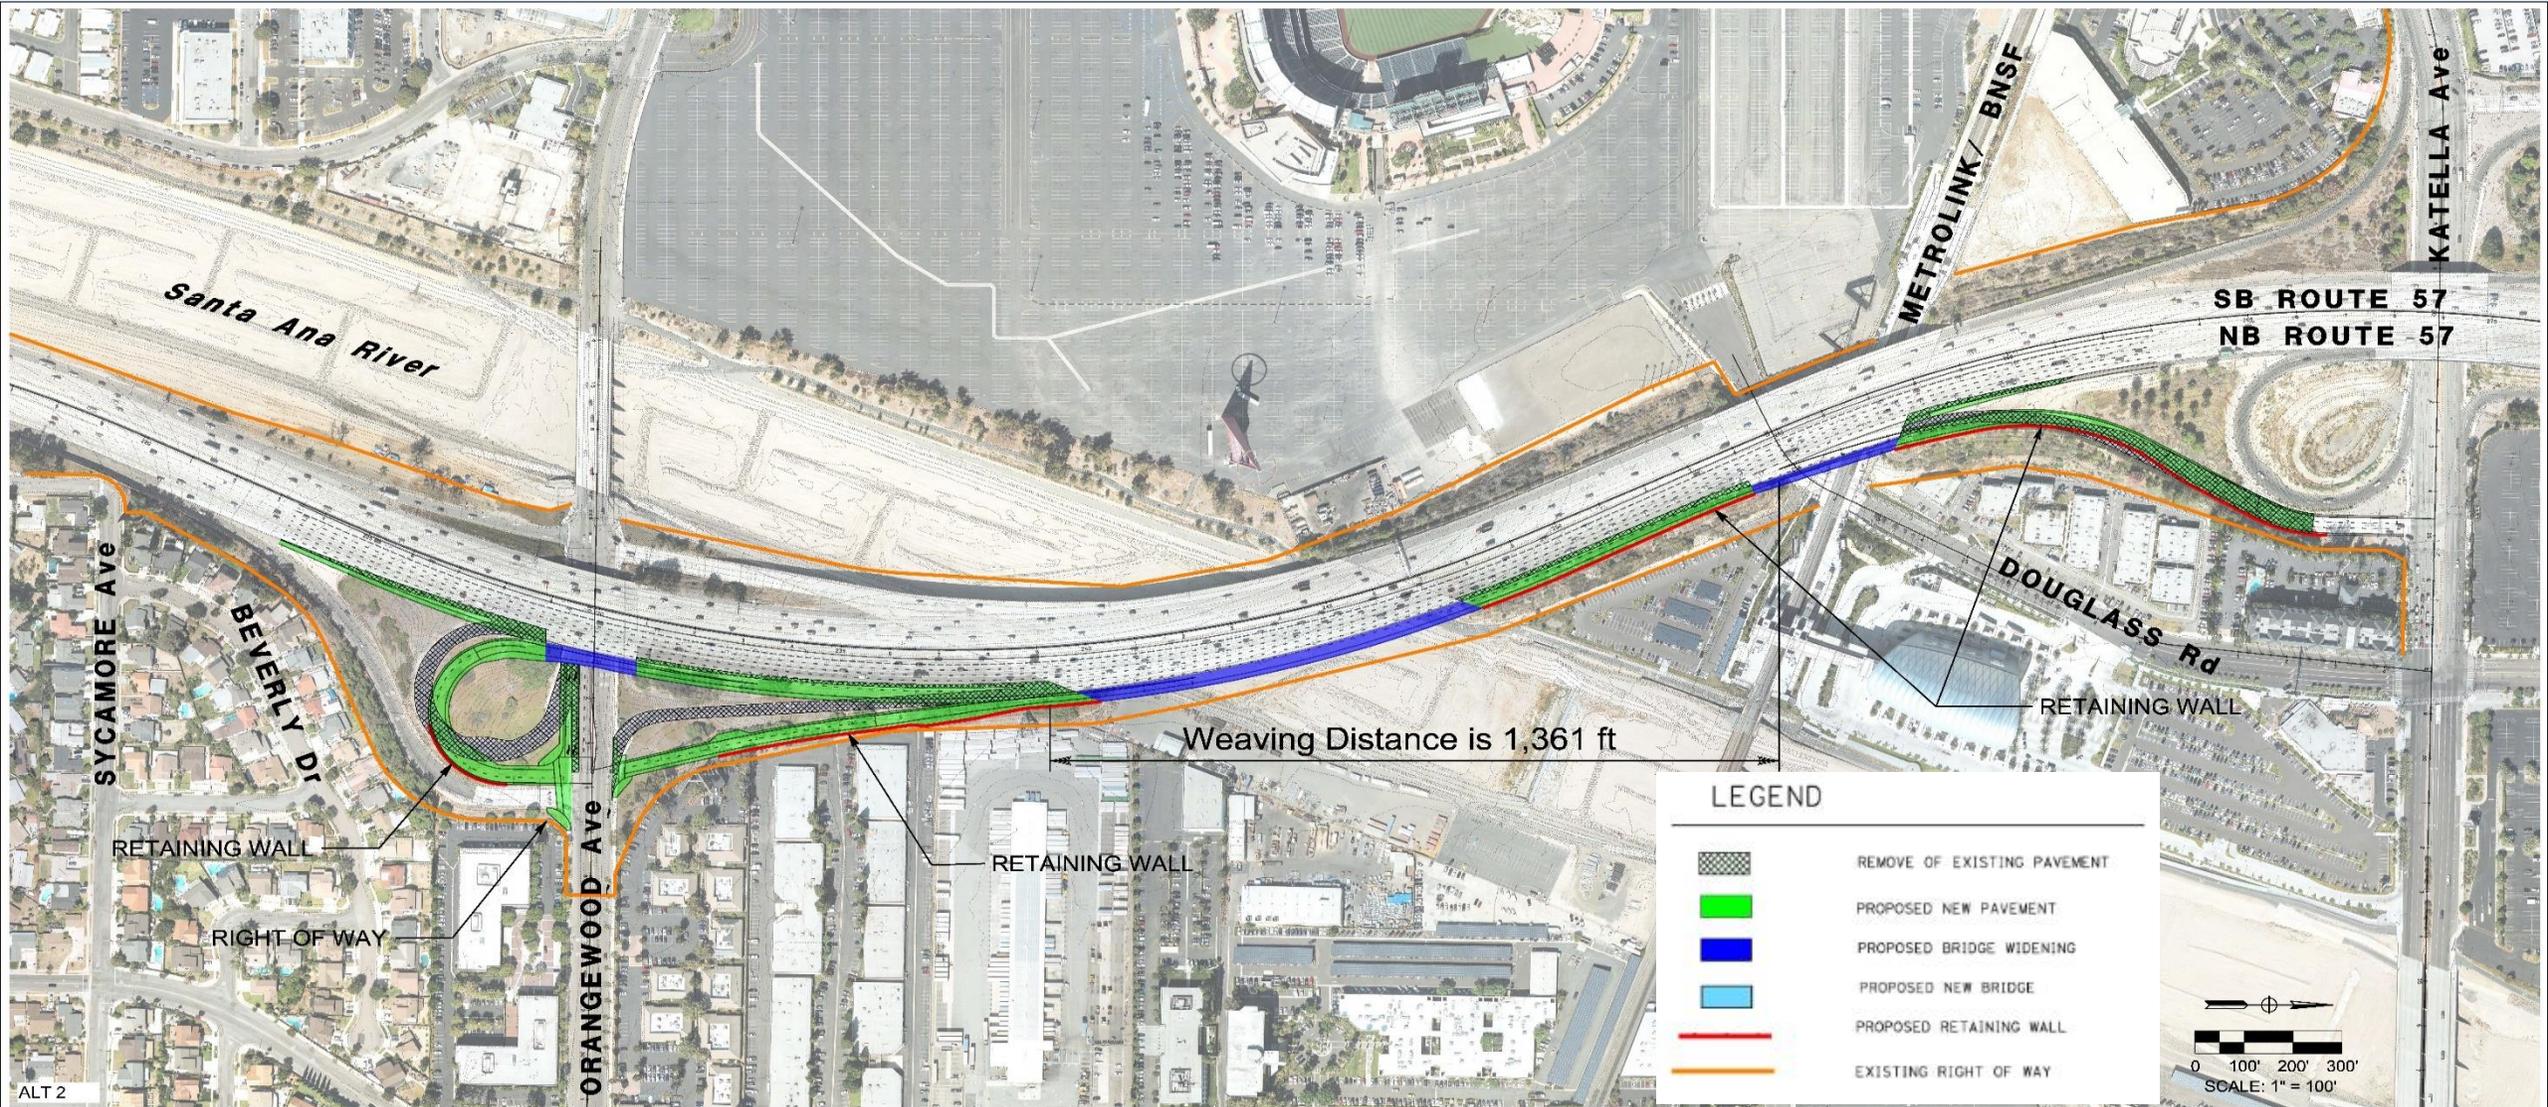

1. Project background, status and next steps
2. Summarize build alternatives
3. Highlights project's relationship to Santa Ana River Trail
4. Preview next steps in environmental process
5. Invite public comment and public hearing attendance

# Project Improvements

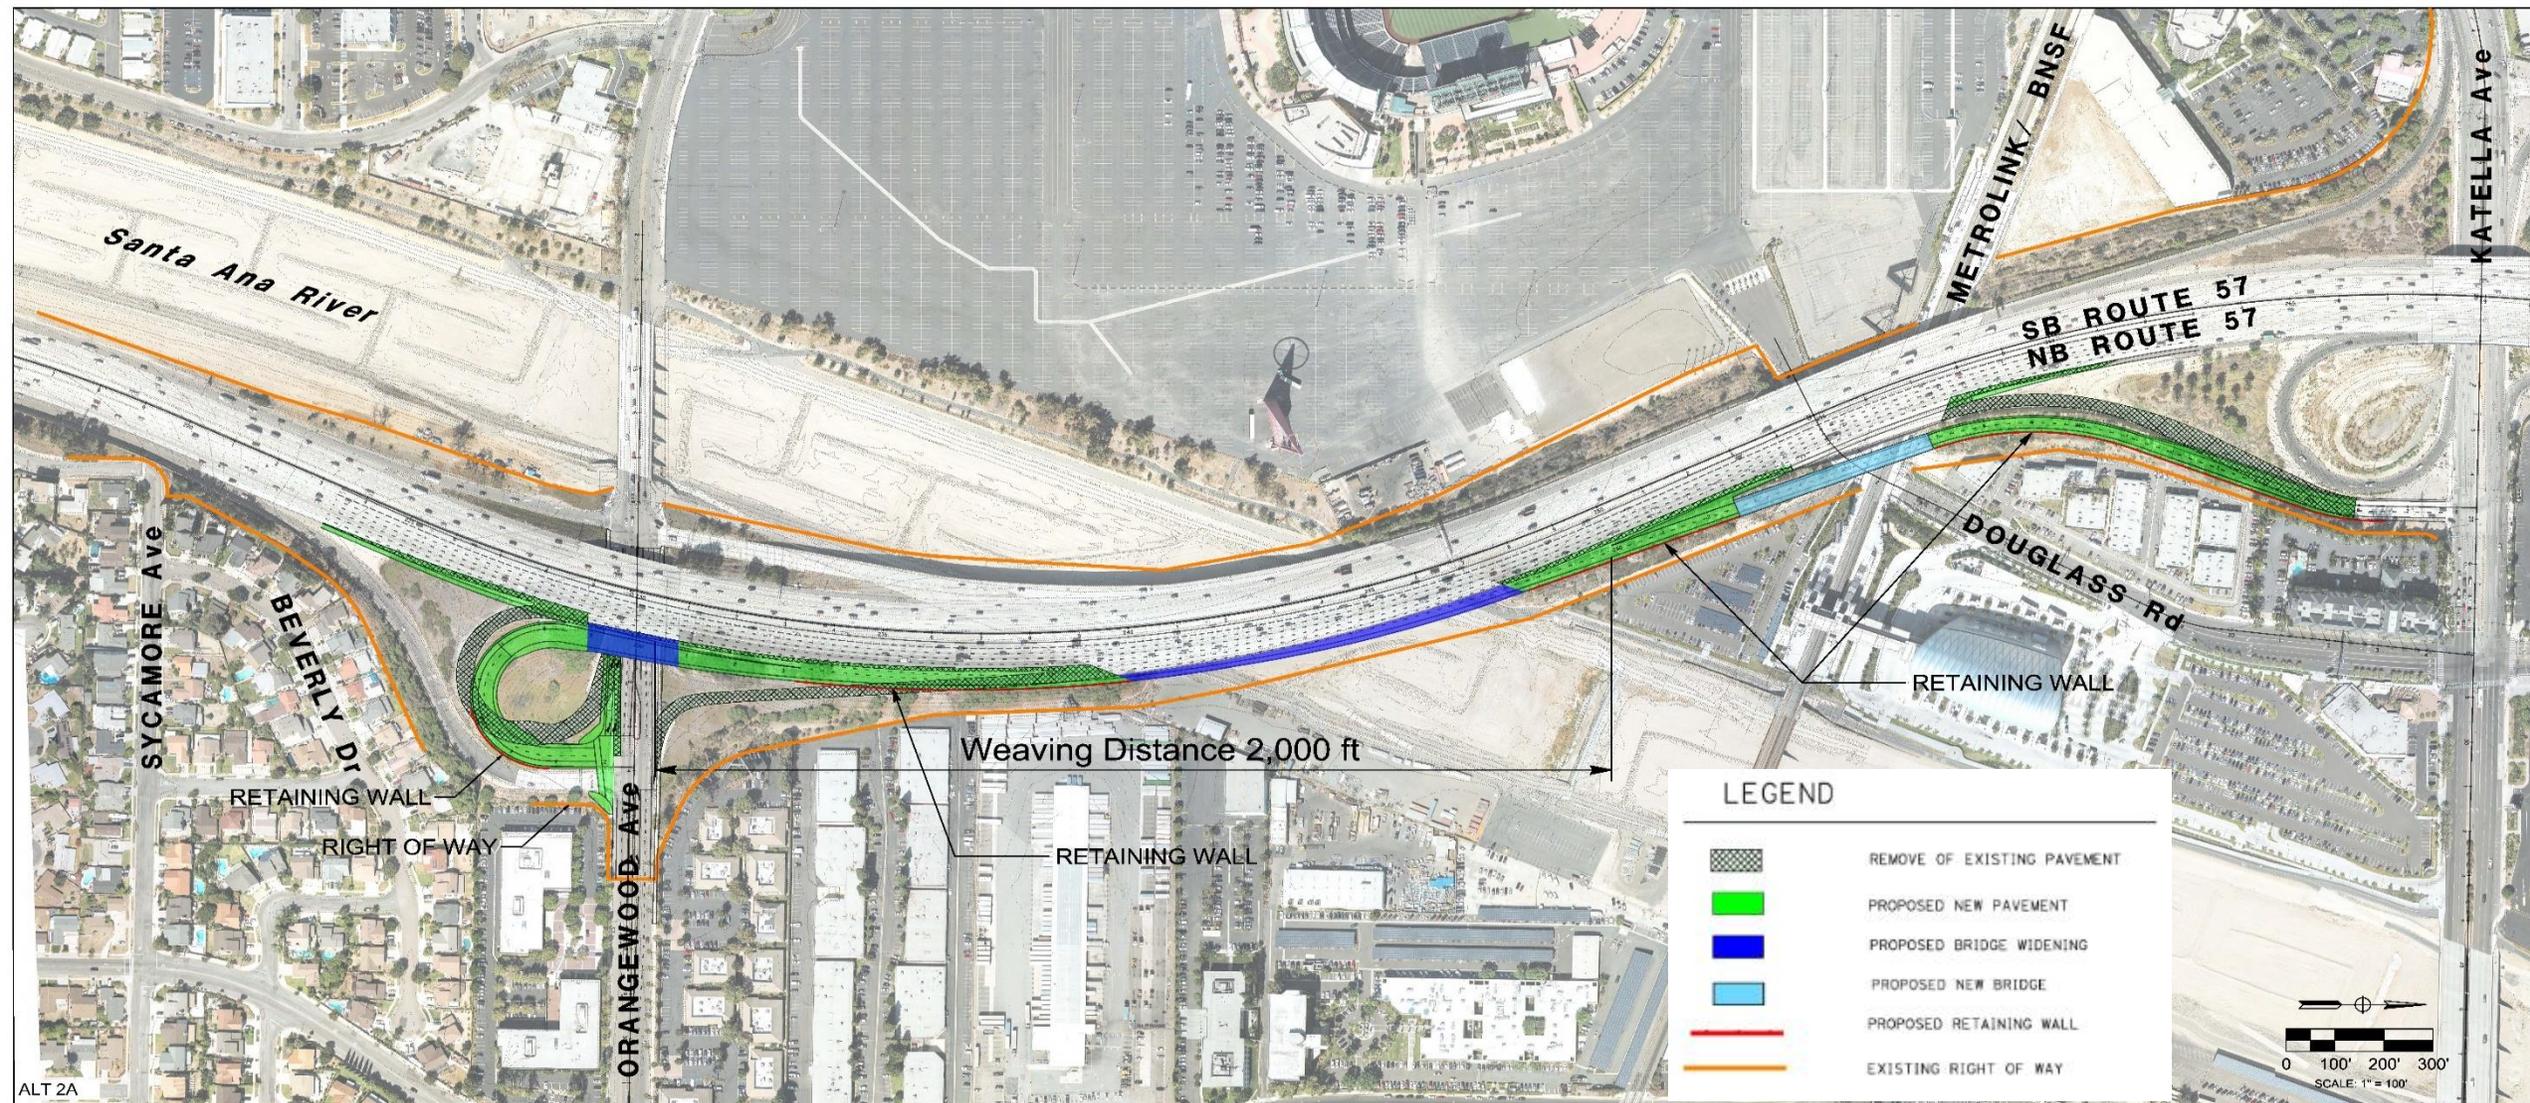

- Project G in Measure M2 Plan
- Oranewood to Katella Avenue
- Environmental Review Process
- Initial Study/Environmental Assessment
- Provide lane continuity by adding a fifth general purpose (GP) lane from Oranewood Avenue to Katella Avenue
- Improve merge and diverge traffic movements from Oranewood Avenue to Katella Avenue

# Alternative 2

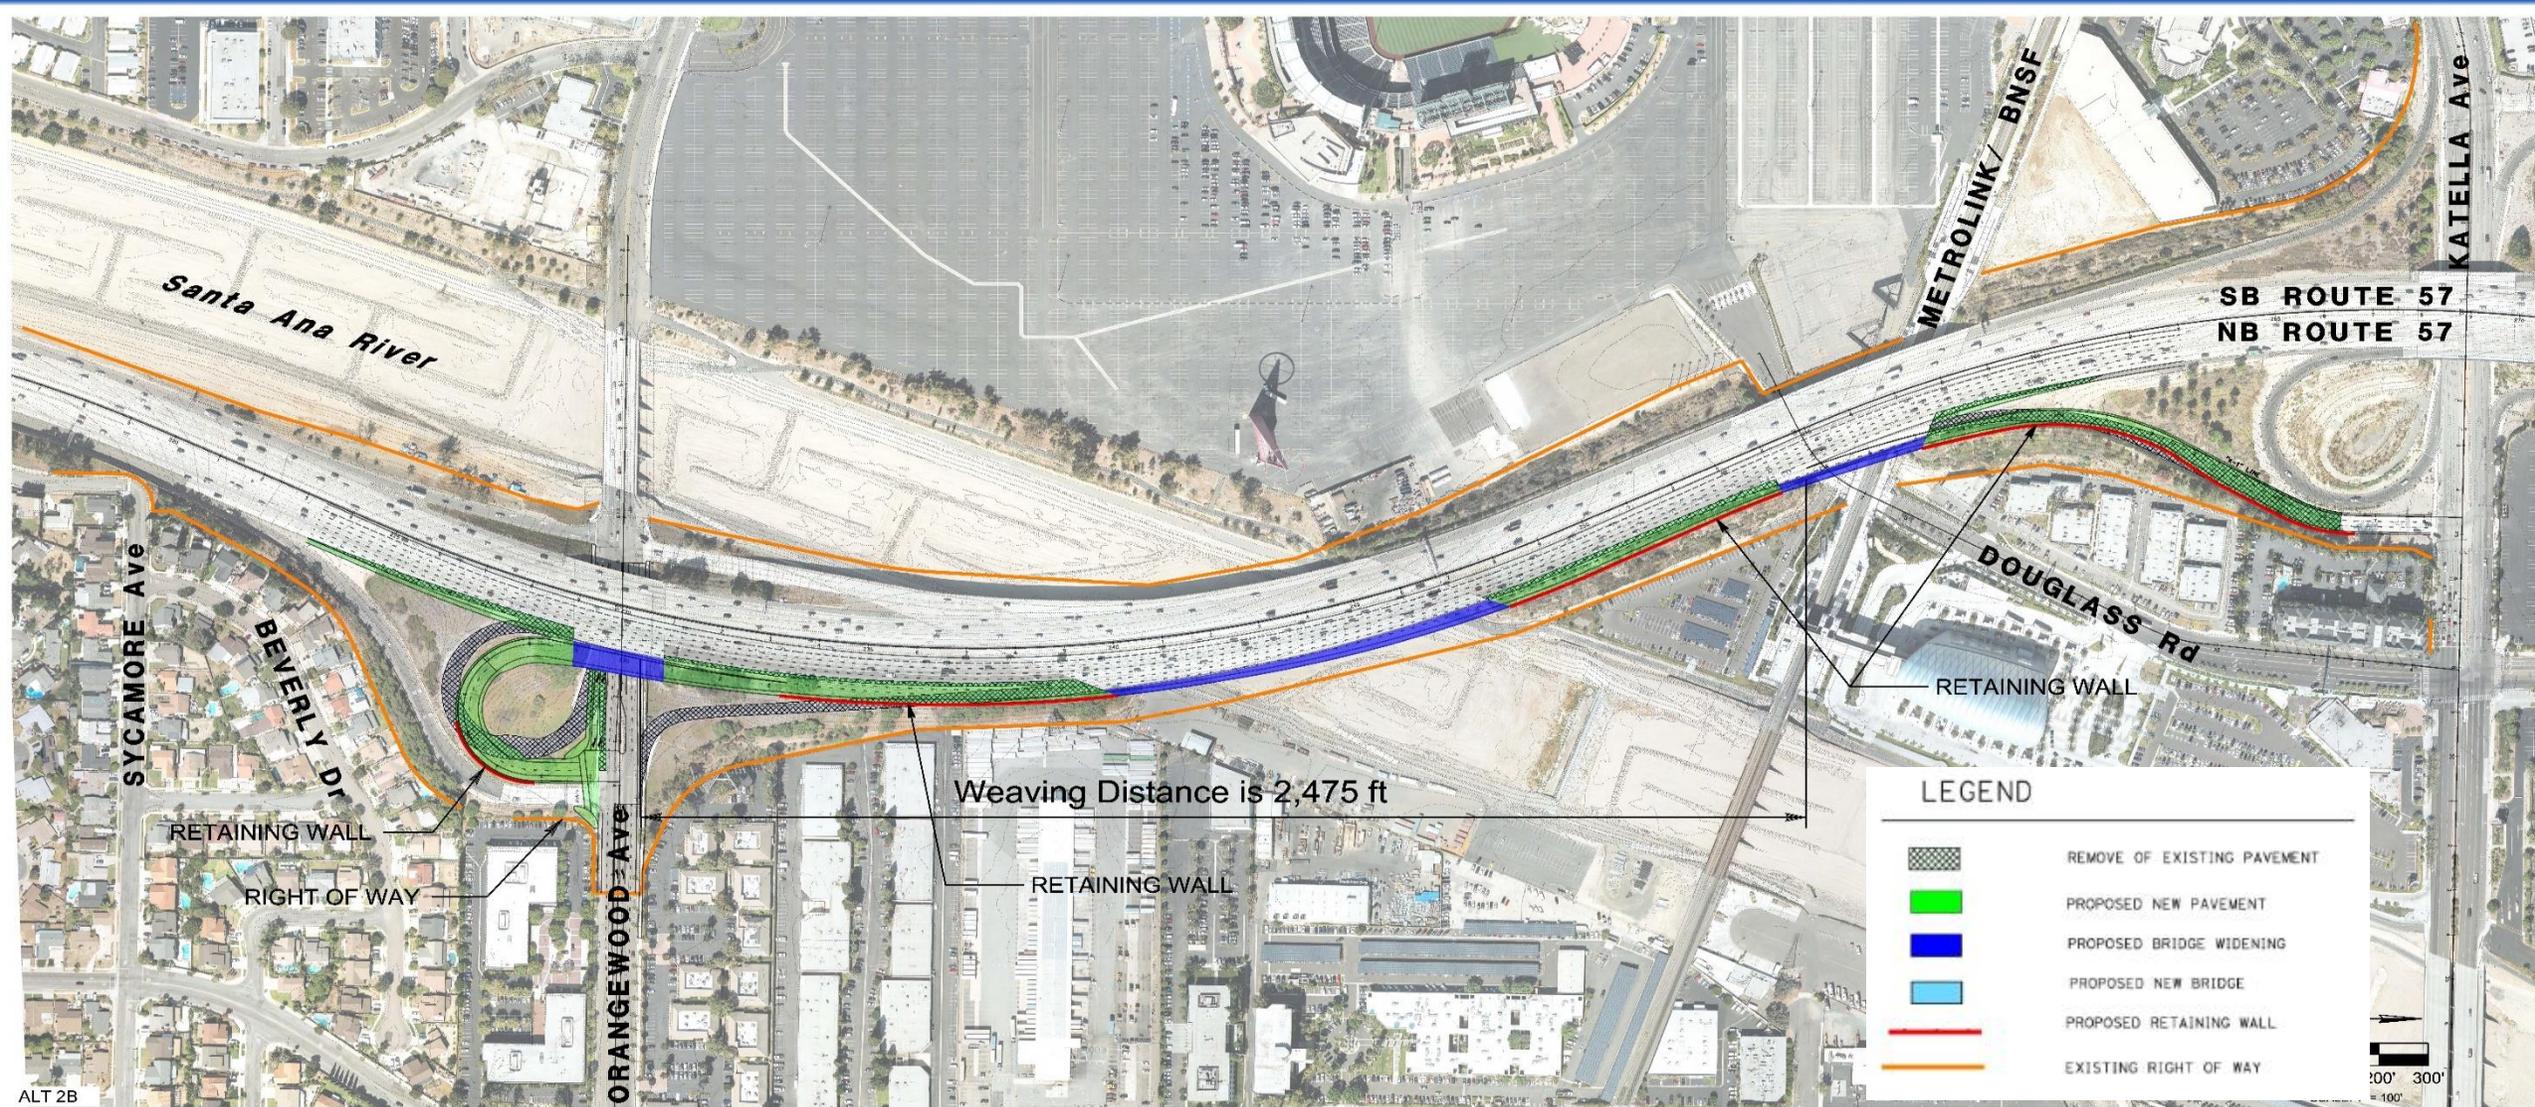

# Alternative 2A

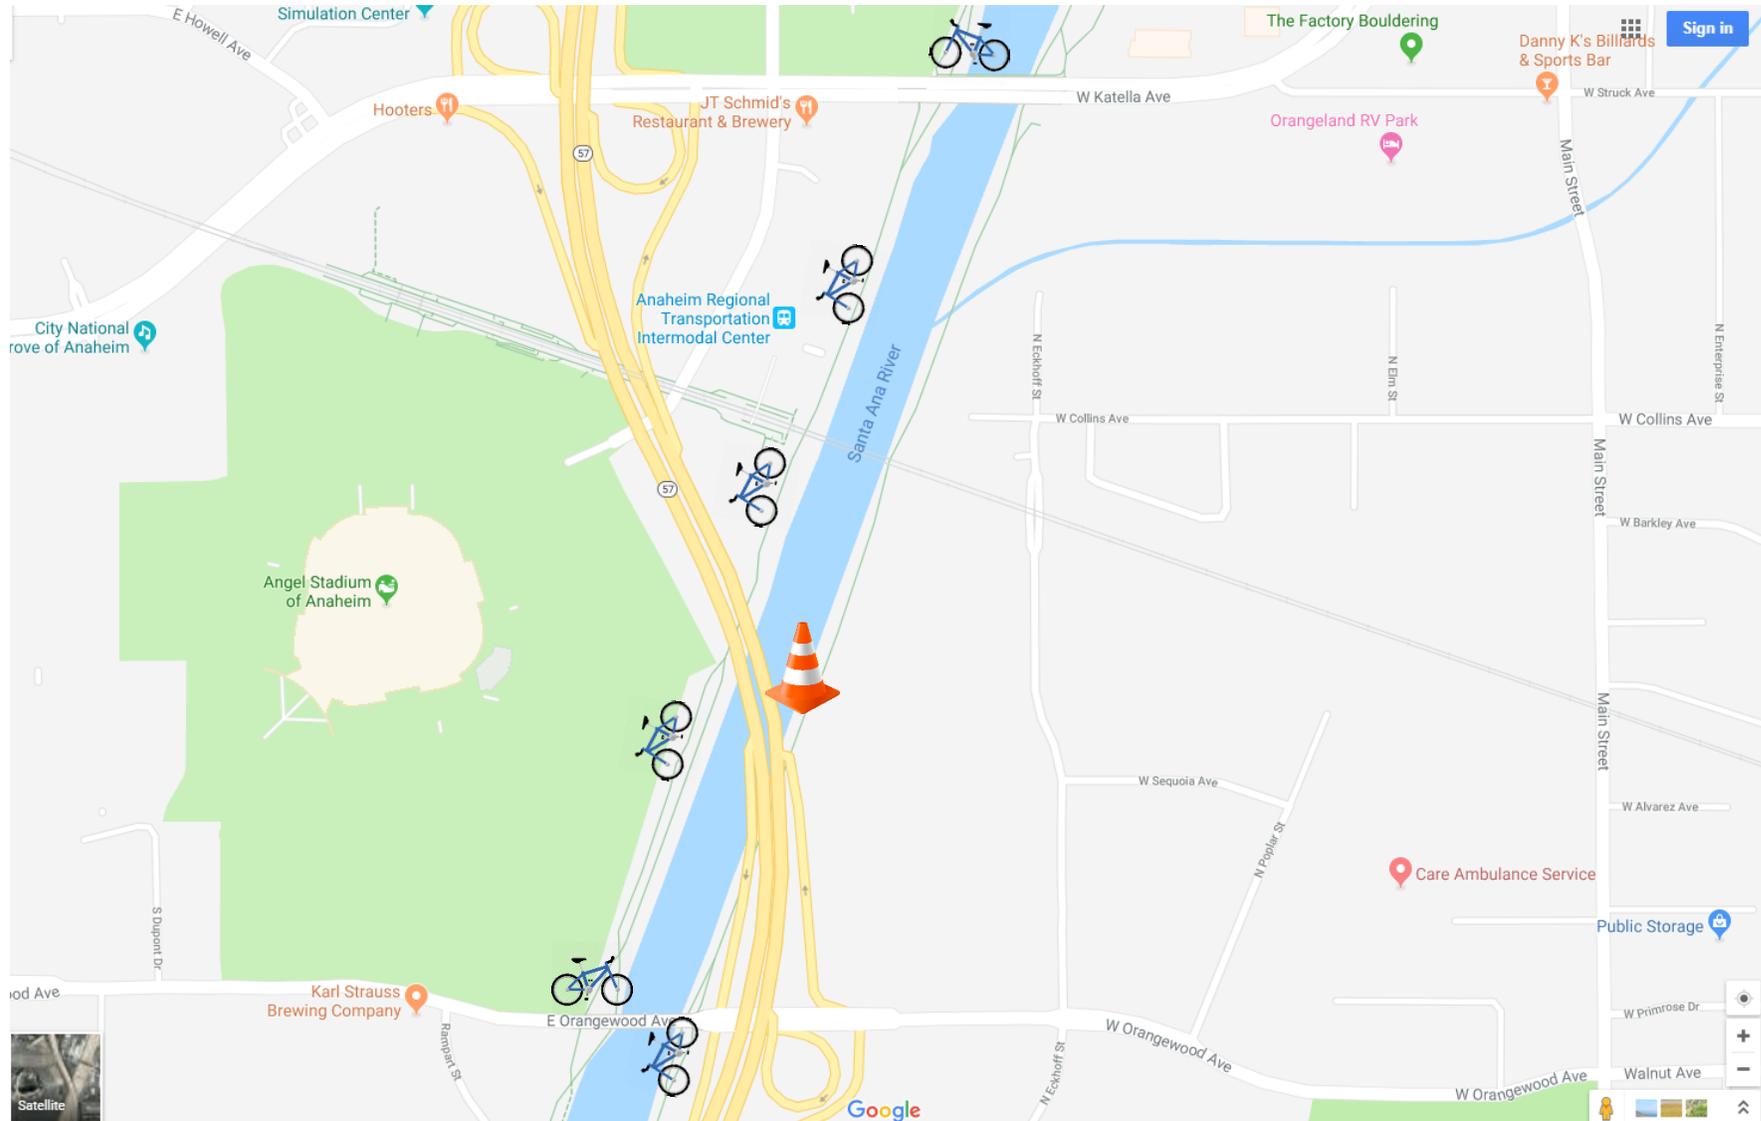

ALT 2A

# Alternative 2B

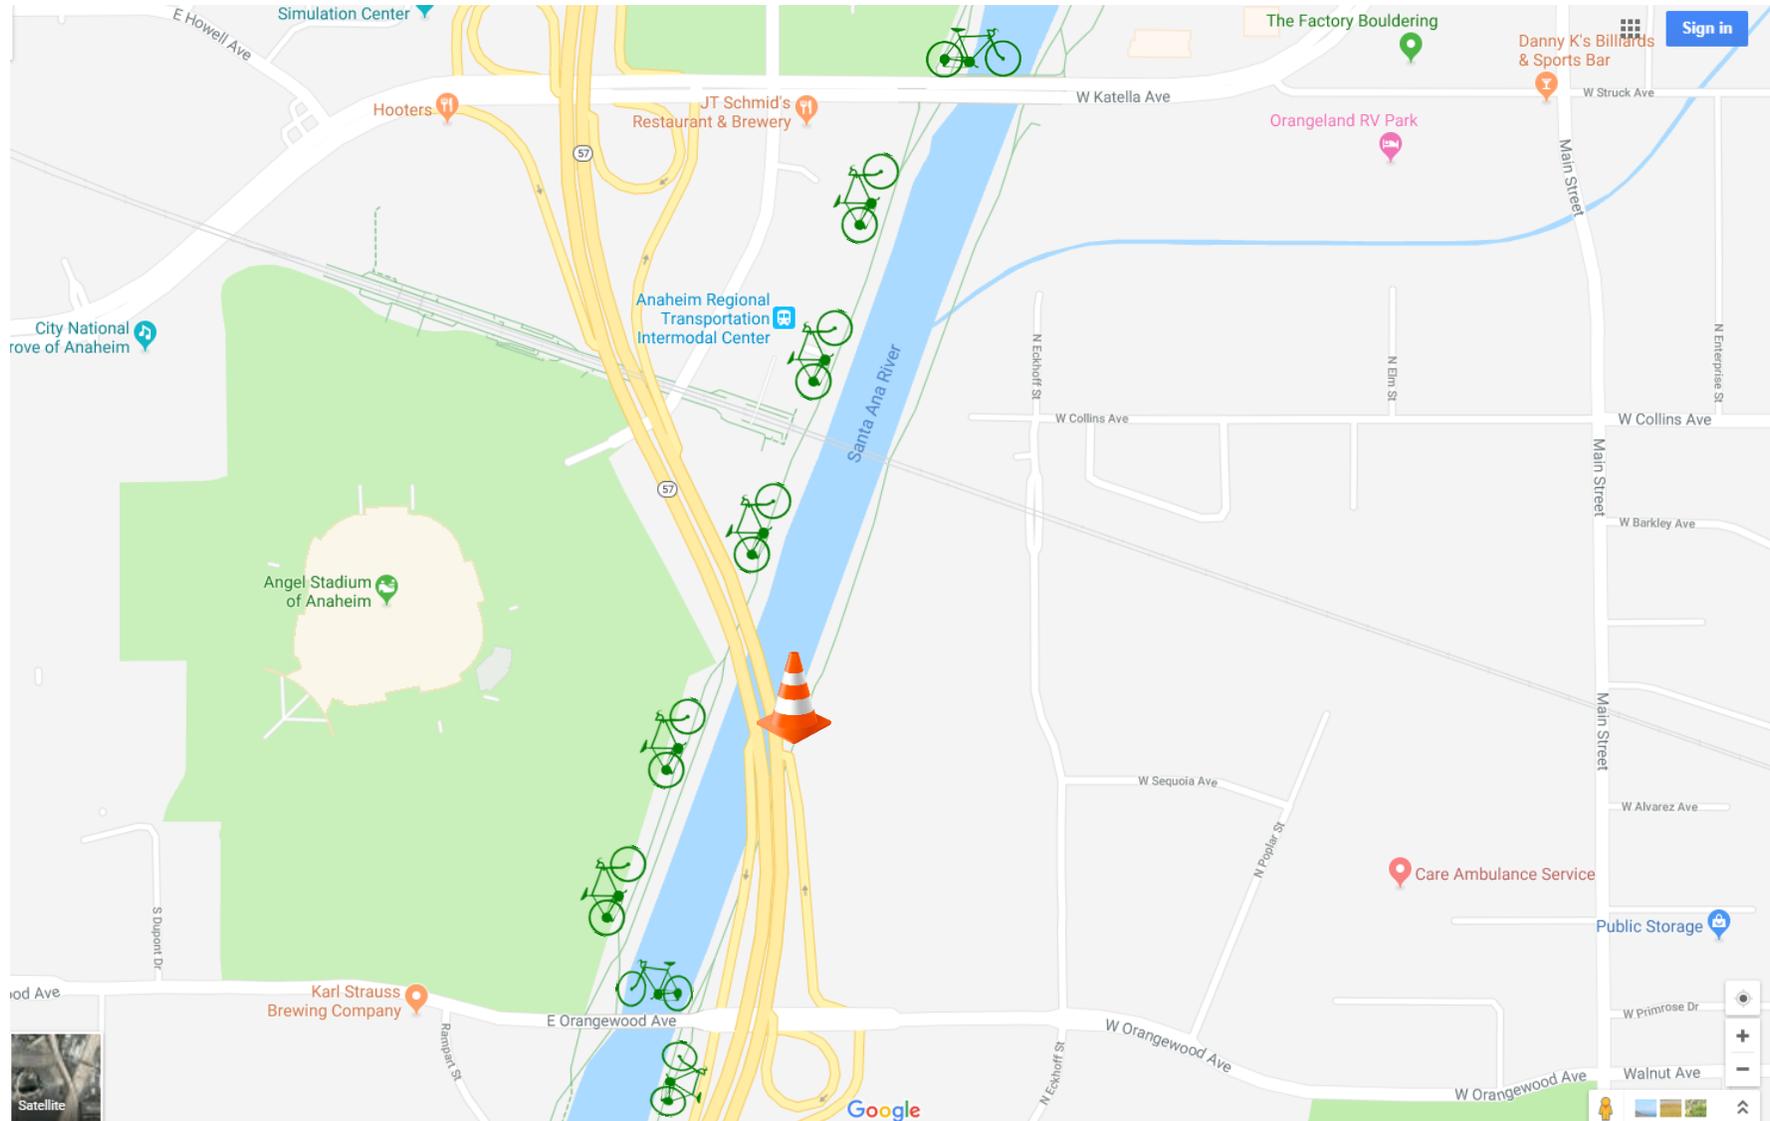

ALT 2B

# Santa Ana River Trail – To Beaches

- Trail to remain open
- Nighttime Falsework
- Opening of dam would require storing of machinery
- If necessary, parallel detour

# Santa Ana River Trail – To Riverside

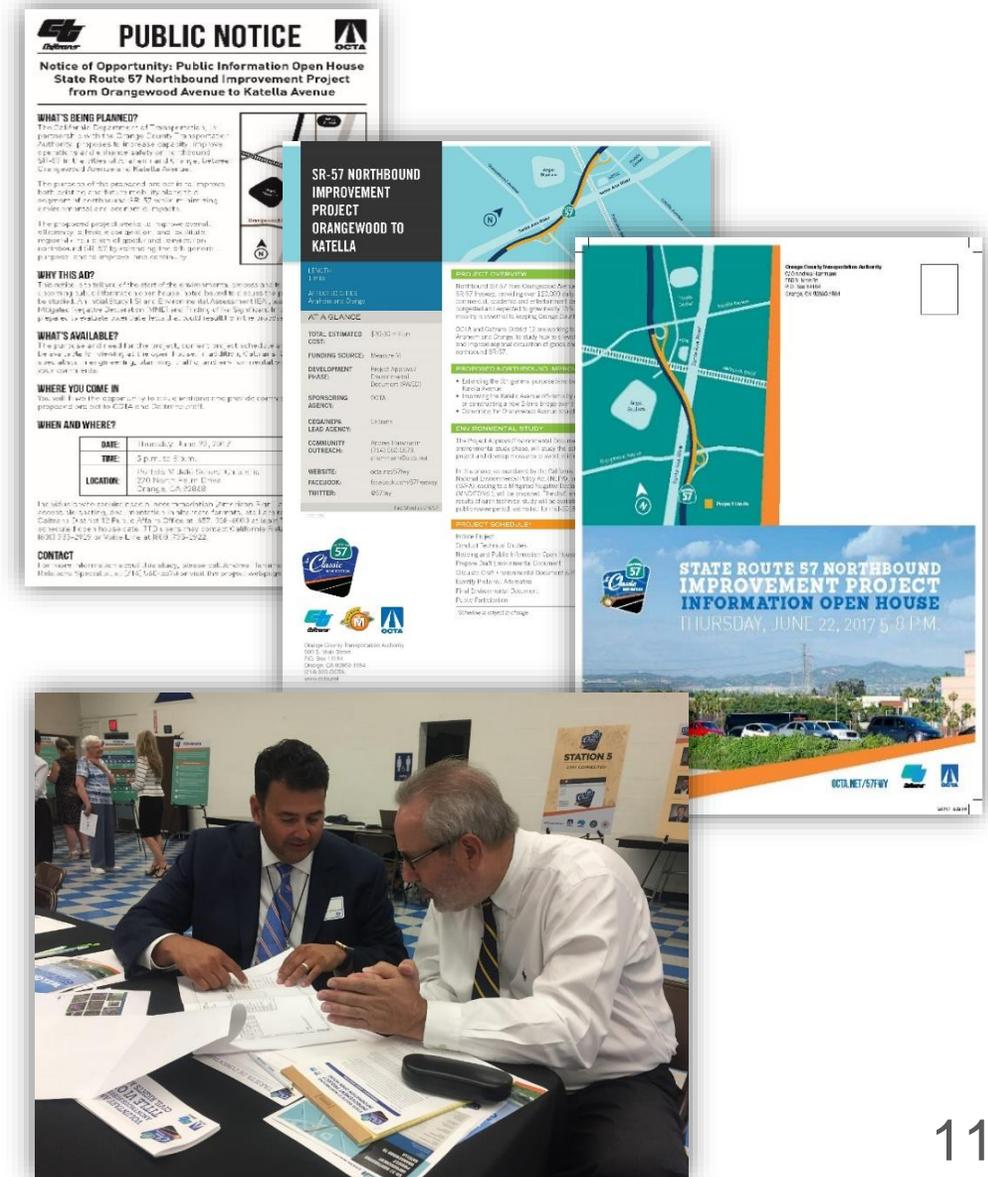

# Project Benefits

No.	Improvement	Alt. 2	Alt. 2A	Alt. 2B
1	Provide lane continuity with fifth GP lane and maintain existing auxiliary lane	X	X	X
2	Provide two-lane northbound off-ramp at Katella Avenue	X	X	X
3	Widen northbound inside shoulder to improve sight distance	X	X	X
4	Improve northbound mainline weaving distance	X	X	X
5	<b>Achieve standard weaving distance by removing northbound Oranewood Avenue slip on-ramp</b>		X	X
6	<b><i>Northbound Katella Avenue off-ramp spans station platform and Douglass Road by constructing new bridge</i></b>		X	

# Public Hearing & Public Comment

- Thursday, October 25, 2019
- Portola Middle School from 5:30 to 7:30 p.m.
- 30-day public comment period
- Notices published online and in newspapers
- Widespread direct mail program targeting neighborhoods, businesses, and stakeholders
- Government and media relations
- Project webpage, e-blasts, and social media
- One-on-one and flier canvassing

# Environmental Phase Schedule

Activity	2016	2017	2018
Environmental and Technical Studies	Mid-2016 – Early 2018		
Public Information Open House		June 22, 2017	
Draft Project Report and Draft Initial Study/Environmental Assessment (30-Day Public Circulation)			October – November 2018
Public Hearing (Open House Format)			October 25, 2018
Incorporate Public Comments			Late 2018
Preferred Alternative Selection			Late 2018
Final Project Report and Mitigated Negative Declaration/Finding of No Significant Impact			January 2019
