Description:	511 Management, Operation and Development			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7519-S1011-01E	Quantity:	1
Line Item ID:	FY26-00047			Unit Cost:	\$460,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$460,000

Please provide a complete description of this request.

This line item is for OCTA's proportionate share of operations and maintenance costs for the SoCal 511 system, which is determined by actual operations and maintenance expenses divided by the population percentage of each participating agency's county population. Current participating agencies include OCTA, LA SAFE (the lead agency), Ventura County, Riverside County Transportation Commission (RCTC), and San Bernardino County Transportation Authority (SBCTA).

Description:	FSP Tracking Application Hosting and Maintenance			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7519-S1002-06S	Quantity:	1
Line Item ID:	FY26-00046			Unit Cost:	\$39,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$39,000

Please provide a complete description of this request.

This line item covers annual hosting and maintenance costs associated with the Freeway Service Patrol (FSP) LataTrax tracking application. Hosting includes Xenatech cloud infrastructure services, daily monitoring, regular backups, data archiving, routine break-fix maintenance, software updates, and other standard support items.

Description:	SoCall 511 Program Marketing			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7519-S1011-AQF	Quantity:	1
Line Item ID:	FY26-00048			Unit Cost:	\$10,000
Grant Funded?	<input type="checkbox"/>	Phase:	Outreach	Total:	\$10,000

Please provide a complete description of this request.

This line item is for as-needed SoCal 511 program marketing and promotional material design services.

Description:	California Highway Patrol Overtime			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7629-S1002-AVW	Quantity:	1
Line Item ID:	FY26-00054			Unit Cost:	\$154,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$154,000

Please provide a complete description of this request.

This line item is for California Highway Patrol (CHP) Officer overtime associated with the Freeway Service Patrol (FSP) program administration. Officer overtime is necessary to ensure proper oversight and essential support for FSP operators in the field. The FSP service span includes weekday peak-hour, weekday all day, late night construction support, and weekend service beats, making overtime necessary to ensure adequate coverage. This line item supports a replacement agreement that will start on 7/1/2025.

Description:	California Highway Patrol State Call Box Liaison			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7629-S1001-CGL	Quantity:	1
Line Item ID:	FY26-00053			Unit Cost:	\$11,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$11,000

Please provide a complete description of this request.

This line item is for OCTA's proportionate share of a California Highway Patrol (CHP) Service Authority for Freeway Emergencies (SAFE) Coordinator/Liaison to support SAFE Agency Call Box Programs. This line item has been increased based on anticipated increases to maintaining the SAFE Coordinator/Liaison.

Executive Office

Description:	Call Box Call Center Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7629-S1001-CGA	Quantity:	12
Line Item ID:	FY26-00052			Unit Cost:	\$10,125
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$121,500

Please provide a complete description of this request.

This line item is for call center services to answer freeway Call Box and SoCal 511 program motorist aid calls. Call center agents provide appropriate assistance to motorists by contacting the California Highway Patrol (CHP) communications center to dispatch a Freeway Service Patrol (FSP) tow truck, if available, the motorist's club towing or other tow providers, a family member or other person who may assist the motorist, the CHP communications center to dispatch CHP rotation tow services, or provide other assistance as deemed appropriate. FY 2026 cost assumptions are based on monthly fixed costs for call center technology infrastructure, management, and supervision, CHP Dispatch Center remote messaging system (RMS) hardware and support, and a per-call rate of \$6.85 per Call Box or SoCal 511 calls, and \$2.45 per minute for teletypewriter (TTY) / real-time-text (RTT) calls from people who are hard of hearing. This line item assumes a combined average of 800 Call Box and SoCal 511 calls and up to 50 TTY/RTT minutes per month.

Description:	FSP Tow Service Costs			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0013-7629-S1002-AVX	Quantity:	1
Line Item ID:	FY26-00055			Unit Cost:	\$10,064,590
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$10,064,590

Please provide a complete description of this request.

This line item estimates the costs for Freeway Service Patrol (FSP) tow contracts based on scheduled FSP service hours, projected average fuel costs, and tow contract hourly rates. FSP services play a vital role in maintaining traffic flow by quickly clearing lanes obstructed by disabled vehicles, minor accidents, or debris that can cause congestion. To minimize disruptions and prevent secondary incidents, FSP operators provide various roadside assistance services, including changing flat tires, jump-starting vehicles, supplying up to one gallon of fuel, temporarily repairing cooling system hoses, refilling radiators, and towing disabled vehicles to designated California Highway Patrol (CHP) drop zones.

The costs associated with FSP tow contracts have increased due to scheduled rate adjustments within some operating agreements. Four FSP service areas operate under newer agreements that took effect in the second quarter of FY 2024. The remaining six service areas continue to function under agreements procured in FY 2022, which include scheduled price increases set to take effect in FY 2026.

Description:	SR91 Toll Road			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7515-A0001-F36	Quantity:	1
Line Item ID:	FY26-00739			Unit Cost:	\$214,300
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$214,300

Please provide a complete description of this request.

Charges for investment management services performed by four investment managers for OCTA's over \$2.0 billion comingled investment pool.

Description:	91 Express Lanes Marketing			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0001-H2H	Quantity:	1
Line Item ID:	FY26-00750			Unit Cost:	\$100,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$100,000

Please provide a complete description of this request.

Funding will allow for the planning, development, and execution of promotional marketing programs and materials to create awareness and trial usage of the 91 Express Lanes, increase new accounts, increase the number of transponders per account, maintain or increase toll lane usage, enhance the satisfaction and perceived value from frequent users.

Description:	Arbitrage Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0051-5QE	Quantity:	1
Line Item ID:	FY26-00752			Unit Cost:	\$1,250
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$1,250

Please provide a complete description of this request.

A municipal agency that issues tax-exempt debt is required to remit any arbitrage earnings to the Internal Revenue Service (IRS). It is good practice to prepare an arbitrage report every five years after the issuance of debt until the final maturity and make any estimated payments to the IRS. This line item is for the estimated cost to prepare the report and calculate the arbitrage amounts, if any.

Description:	Average Vehicle Occupancy Counts			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0001-0VT	Quantity:	1
Line Item ID:	FY26-00742			Unit Cost:	\$35,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$35,000

Please provide a complete description of this request.

Consultant is to provide quarterly Average Vehicle Occupancy (AVO) counts on the 91 Express Lanes per the Memorandum of Understanding between OCTA and the Southern California Association of Governments.

Description:	Consultant - Financial Advisory Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0001-AHA	Quantity:	1
Line Item ID:	FY26-00745			Unit Cost:	\$33,600
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$33,600

Please provide a complete description of this request.

The financial advisor may be requested to assist staff in the following area: Provide creative solutions to funding, financing, restructuring, cash flow, and other monetary challenges that may arise for 91 Express Lanes. Evaluate potential bond issues, restructurings, refunding, advance refunding, short-term financing mechanisms, leases, derivative products, and investment strategies. Assist staff in soliciting and/or reviewing proposals for bond counsel, underwriter(s), issuing and paying agents, letter of credit providers, liquidity providers, trustees, printers etc., if necessary. Assist in the structuring of Bond issues including: rating agency/investor preparations, sizing and timing of sale, callability, maturities, reserve funds, and capitalized interest. Provide advice, written analysis, and assistance regarding the benefits of credit enhancements, and/or the use of financial products. Prepare written reports before and after pricing indicating market comparable (including gross spread, management fee and takedown comparable), and overall market conditions. Serve as OCTA's agent with respect to the pricing of the bonds and minimizing the cost of issuance. Provide oral and/or written updates on debt obligations to the Board of Directors and sub-committees.

Description:	Consultant / Operations & Technical Support Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0001-CH2	Quantity:	1
Line Item ID:	FY26-00746			Unit Cost:	\$450,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$450,000

Please provide a complete description of this request.

Consultants will provide operational, technical, and strategic support for the 91 Express Lanes. Some projects may include: oversight of the Back-Office system during the operations and maintenance phase, evaluating emerging technological enhancements, and analyzing the feasibility or potential impacts of implementation.

Description:	Customer Newsletter and Annual Report			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0001-H2F	Quantity:	1

FY:	2026	Account:	0036-7519-B3260-HGL	Quantity:	1
Line Item ID:	FY26-00754			Unit Cost:	\$3,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$3,000

Please provide a complete description of this request.

For existing Agreement C-5-3767 with Mott MacDonald. OCTA is responsible for managing a large number of transportation projects in Orange County including projects associated with freeway, highway, and transit modes. OCTA's management of these projects include oversight of environmental clearance, engineering, right-of-way acquisition, and construction activities. The projects include those funded by Measure M2, state, and federal funding sources. The Program Management Consultant (PMC) shall assist OCTA in this challenge by providing staff assistance and technical expertise to help manage its capital development projects. Consultant shall assist OCTA's Highway Programs in planning, managing, and controlling the overall capital development program. The PMC shall also provide OCTA additional program management staff to assist in managing individual projects. The budget request is for costs associated with these services.

Description:	RMS Expansion Hosting and Maintenance			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-S1002-RMS	Quantity:	1
Line Item ID:	FY26-00755			Unit Cost:	\$20,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$20,000

Please provide a complete description of this request.

The Service Authority for Freeway Emergencies (SAFE) program, in partnership with its contracted call answering center, leverages a Remote Messaging System (RMS) to transmit freeway incident information from the Call Box/SoCal 511 Call Answering Center to California Highway Patrol (CHP) Dispatchers. This line item funds extending RMS functionality to the 91 and 405 Express Lane Toll Operation Centers, facilitating the efficient transmission of Express Lane incident and debris reports to CHP Dispatchers. CHP Dispatchers can then deploy appropriate resources, including CHP units, Freeway Service Patrol (FSP), or other responders, to address issues more effectively during peak traffic hours.

Description:	Traffic and Revenue Analysis			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0036-7519-B0001-DXT	Quantity:	1

Please provide a complete description of this request.

The financial advisor may be requested to assist staff in the following areas: Provide creative solutions to funding, financing, restructuring, cash flow, and other monetary challenges that may arise for 91 Express Lanes. Evaluate potential bond issues, restructurings, refunding, advance refunding, short-term financing mechanisms, leases, derivative products, and investment strategies. Assist staff in soliciting and/or reviewing proposals for bond counsel, underwriter(s), issuing and paying agents, letter of credit providers, liquidity providers, trustees, printers etc., if necessary. Assist in the structuring of Bond issues including: rating agency/investor preparations, sizing and timing of sale, callability, maturities, reserve funds, and capitalized interest. Provide advice, written analysis, and assistance regarding the benefits of credit enhancements, and/or the use of financial products. Prepare written reports before and after pricing indicating market comparable (including gross spread, management fee and takedown comparable), and overall market conditions. Serve as OCTA's agent with respect to the pricing of the bonds and minimizing the cost of issuance. Provide oral and/or written updates on debt obligations to the Board of Directors and sub-committees.

Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$20,000

Please provide a complete description of this request.

The Service Authority for Freeway Emergencies (SAFE) program, in partnership with its contracted call answering center, leverages a Remote Messaging System (RMS) to transmit freeway incident information from the Call Box/SoCal 511 Call Answering Center to California Highway Patrol (CHP) Dispatchers. This line item funds extending RMS functionality to the 91 and 405 Express Lane Toll Operation Centers, facilitating the efficient transmission of Express Lane incident and debris reports to CHP Dispatchers. CHP Dispatchers can then deploy appropriate resources, including CHP units, Freeway Service Patrol (FSP), or other responders, to address issues more effectively during peak traffic hours.

Grant Funded?	<input type="checkbox"/>	Phase:	Procurement	Total:	\$60,000

Please provide a complete description of this request.

Business Impact Analysis (BIA): An updated BIA is a cornerstone of risk management, enabling organizations to assess and prepare for potential disruptions. This process evaluates the operational, financial, and reputational impacts of threats such as cyberattacks, natural disasters, and supply chain interruptions. The budget supports updating our BIA to prioritize critical processes, allocate resources strategically, and update our recovery plans. Additionally, regular reassessments ensure our risk mitigation strategies remain relevant amidst changing technologies, market dynamics, and regulatory requirements. By identifying and addressing emerging risks, we minimize downtime and financial losses while enhancing organizational resilience. This project will be funded by both the Cybersecurity and Security and Emergency Preparedness (SEP) departments.

Description:	OCTA Public Awareness Program			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1316-7519-A0001-0MY	Quantity:	1
Line Item ID:	FY26-01478			Unit Cost:	\$25,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$25,000

Please provide a complete description of this request.

Transportation Security Administration (TSA) conducted a Baseline Assessment for Security Enhancement (BASE). To address security items identified as needing further consideration, a public awareness campaign was developed to address the security and emergency preparedness program while riding OC Buses, as well as while at or around OC Bus stops and OC Bus transit centers. The outreach and campaign needs to be refreshed in order to stay relevant as security trends are always evolving. This is an ongoing element of the BASE and supports both TSA and the Federal Transit Administration (FTA). This element of the outreach will utilize the creative concepts from previously funded campaigns and expand them to create targeted messages around these programs. The campaign will consist of English, Spanish, and Vietnamese components to reach our customer base.

Description:	Training Modules for Security/Emergency Preparedness			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1316-7519-A0001-07X	Quantity:	1

Please provide a complete description of this request.

The Public Information Office is requesting professional photography/videography services to take photos of OCTA's projects, programs, and services for inclusion in presentations, press releases, social media, and other collateral.

Description:	Media Tracking			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1820-7629-A0001-4AW	Quantity:	1
Line Item ID:	FY26-01857			Unit Cost:	\$50,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$50,000

Please provide a complete description of this request.

Monitoring and analyzing media coverage regarding OCTA is a key way to gather quantitative and qualitative information pertaining to the effectiveness of OCTA's media relations efforts. This work enables the agency to monitor and track media coverage on a daily, weekly, and monthly basis. Media coverage is reviewed to gain a better understanding of the public's perception and awareness of OCTA and to ensure accurate reporting on OCTA's projects, programs, and services. This request is for funds to pay for a media monitoring, analytics, and distribution contractor. The contractor will monitor local, state, and national traditional media, as well as social media, for items related both to OCTA specifically and transportation items of interest in general. A daily media report will be provided for distribution to internal audiences and metrics will be provided to determine media value, tone, and reach of the news coverage or mentions.

Please provide a complete description of this request.

Comprehensive public awareness services for future public awareness and engagement activities of the I-5 Pico to County Line Project. Project is currently in the environmental phase but transitioning to design.

In addition, outreach will include communications and engagement with the communities in the project area, which includes non-English speaking, special-needs, lower socioeconomic populations. This public outreach campaign will follow public review period procedures as required by the California Environmental Quality Act (CEQA), the National Environmental Policy Act (NEPA), and Caltrans environmental guidelines. The outreach team will facilitate a minimum of two formal public meetings; a scoping/public informational meeting and a public hearing (open house format). A public hearing is anticipated to be conducted in mid-2025.

Existing contract C-1-3353.

Line Item ID:	FY26-01172			Unit Cost:	\$50,000
Grant Funded?	<input type="checkbox"/>	Phase:	Study	Total:	\$50,000

Please provide a complete description of this request.

Implementation of new cost allocation plan to review and update the current model of cost allocation method.

Description:	Misc Business Expenses			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1240-7519-A5101-T5D	Quantity:	1
Line Item ID:	FY26-01171			Unit Cost:	\$700
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$700

Please provide a complete description of this request.

This would provide access to a tax advisory service for a year. This service would be valuable for any tax questions that may arise during the year.

Description:	Banking Fees - Bank of Montreal (BMO)			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1240-7629-A0001-1GJ	Quantity:	1
Line Item ID:	FY26-01176			Unit Cost:	\$100,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$100,000

Please provide a complete description of this request.

Current commercial banking contract with BMO for \$55K annually, plus a new banking contract award budgeted for \$45K to cover implementation costs and dual banking agreements in FY26.

Description:	System Manager - Outsourced			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1250-7519-A5266-CAV	Quantity:	1
Line Item ID:	FY26-01210			Unit Cost:	\$160,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$160,000

Please provide a complete description of this request.

Financial Planning and Analysis (FP&A) has migrated from a home-grown system for budgeting, grants, requisitions management, tracking of the budget-to-actuals, revenue agreements, and performance measurements, to an Oracle Cloud Software as a Service (SaaS) application.

Initial implementation was completed in November 2020, but the application, Hyperion, will not be fully built out until August 2025.

The consultant who managed the home-grown system will be managing the effort of developing the complete functionality in the new system and closing down the functionality in the old system, while supporting business processes and users in both systems throughout the process.

The new system will allow FP&A direct access to more data in a dynamic environment that supports complex financial models and reports. The cloud environment will make it possible to share these models through dashboards with the OCTA community, bringing all managers into a better understanding of the finances, metrics, and assumptions that drive our performance.

Due to the complex nature of each of the systems, it is necessary to retain a system manager consultant on an ongoing basis for system support. The consultant will also be asked to provide high-level analysis when necessary.

The financial models currently utilized are:

1. Budget Development System
2. Budget Activity Reporting System
3. Revenue Tracking System
4. Requisition Tracking System

Finance and Administration

Description:	Revenue Administration Contractor			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1260-7519-A5267-F01	Quantity:	1
Line Item ID:	FY26-01218			Unit Cost:	\$250,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$250,000

Please provide a complete description of this request.

Revenue Administration Contractor full time for 1 year at \$120 an hour based on market analysis for type of work required. This position is requested due to a 50% increase in the number of grant funded projects at OCTA. In 2019, OCTA had approximately 50 grants and with three analyst positions administering reimbursements and reporting for all grants. As of 2024, OCTA has over 100 grant funded projects. The amount of grant funds received has also seen an increase of five times, from \$200M in 2019 to almost \$1.1B during the same period of time. With the increase in grant funded projects, the Grant and Revenue Department is currently reimbursing expenses that are on average a year behind. Additional staff will allow for reimbursements to be completed quicker and OCTA to have this revenue in our accounts. Previous staffing increases to the Programming Department have generated more grant projects that directly impact Grants and Revenue Administration. This position would support the administration of existing grant programs including reimbursements and reporting.

Description:	Contractor Assistance with RVS and Fare Collections			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1261-7519-D0001-88U	Quantity:	2,080
Line Item ID:	FY26-01228			Unit Cost:	\$120
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$249,600

Please provide a complete description of this request.

The implementation of the Revenue Verification System (RVS) and related reporting for Smart Cards, Mobile Payments, and Credit/Debit Card transactions is essential for ensuring accurate revenue assurance and efficient payment operations. However, the current staff is facing significant workload challenges, including managing day-to-day operations and other critical projects, which limits their ability to focus on this complex initiative. The tasks involved—system integration, data analysis, compliance, and reconciliation—require specialized expertise to ensure timely and accurate implementation while maintaining operational continuity.

Hiring a contractor with relevant experience in RVS implementation and fare collection reporting will provide immediate support to accelerate project delivery, enhance reporting accuracy, and manage reconciliation processes.

Description:	Fare Collection System Replacement Design Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1261-7519-D0001-1OS	Quantity:	1
Line Item ID:	FY26-01227			Unit Cost:	\$300,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$300,000

Please provide a complete description of this request.

Professional Services - Support for the Design, Programming and Implementation of the Rider Validation System (RVS), Ticket Vending Machines (TVM), and Farebox projects. Increased effort as all three projects are underway.

Description:	Armored Transportation and Counting Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1261-7629-A5105-DU4	Quantity:	1
Line Item ID:	FY26-01231			Unit Cost:	\$550,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$550,000

Please provide a complete description of this request.

OCTA contracts out the services to collect and count cash fares received from the OC Bus system. This line item funds the contract with LA Federal to provide the services to transport cash fares using armored vehicles and counting services. An increase was made to account for the contract change, the existing vendor will be replaced.

Description:	Annual Software Maintenance and Support (Consultant)			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1270-7519-A5359-9RS	Quantity:	1
Line Item ID:	FY26-01237			Unit Cost:	\$95,790
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$95,790

Please provide a complete description of this request.

Junior Programmer Analyst Consultant as part of the Intratek contract managed by Information Systems.

Description:	Annual Software Maintenance and Support (Procurement)			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1270-7519-A5352-9RS	Quantity:	1

Please provide a complete description of this request.

Application Software/Licensing for OpenGov Procurement (e-procurement solution C42555). Ongoing Annual software and maintenance renewal increases shall not exceed 5% from the previous year.

Description:	Disadvantaged Business Enterprise Consulting Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1270-7519-A0011-KHT	Quantity:	1
Line Item ID:	FY26-01235			Unit Cost:	\$330,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$330,000

Please provide a complete description of this request.

Consultant provides Disadvantaged Business Enterprise (DBE) Program support, including participation in federally-funded contracts, design of a training program to address changes in federal DBE regulations, assisting in review of goal setting for Federal Transit Administration (FTA) and Federal Highway Administration funded projects and assisting in community outreach as needed. The DBE Program is a FTA mandated program. Currently there is only one staff person that manages the DBE Program.

Description:	Small Business Program Outreach			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1270-7629-A5160-1J5	Quantity:	1
Line Item ID:	FY26-01239			Unit Cost:	\$200,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$200,000

Please provide a complete description of this request.

Contracts Administration & Materials Management (Camm) plans to organize several Outreach events targeting small business enterprises (SBE) and disadvantaged business enterprises (DBE). Camm aims to enhance its SBE/DBE Outreach initiatives, featuring semi-annual Meet the Prime events accommodating 75-100 small and disadvantaged businesses. Additionally, an annual DBE Summit is scheduled, expecting participation from Metro and Caltrans, with an anticipated attendance of 300 small and disadvantaged businesses in our region.

The budget allocation for training sessions encompasses expenses such as parking validation, printing of training materials and refreshments. These funds will also be utilized to facilitate staff attendance at various industry and small business events, including the California Construction Expo, Jet Propulsion Laboratory, and Construction Management Association of America Owner's Night. These funds are also necessary to support multiple Outreach Events, as outlined in the action plan submitted to the Federal Transit Administration (FTA).

FY:	2026	Account:	1282-7519-A5020-9HV	Quantity:	1
Line Item ID:	FY26-01295			Unit Cost:	\$131,490
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$131,490

Please provide a complete description of this request.

This item is dedicated to pay for independent information technology industry advisory services and its continuation support. This is to ensure that OCTA's technical infrastructure and environment is in step with overall industry direction. The services will be used by Information Systems to ensure proper alignment of business, technology, and understanding the impact of the industry's best business practices. This request is the department's Information Technology Plan intended to proactively provide effective and innovative solutions for its users and customers to keep up with current technology.

The high speed of change in the technology industry makes it difficult to dedicate staff to perform this research. Information Systems currently uses advice from industry experts who conduct research on a wide range of technical and industry topics. This information is used to validate technical infrastructure decisions, support purchasing decisions, provide guidelines for policies and procedures, and plan for industry driven market trends. OCTA currently uses Gartner for these services. Gartner provides quick and concise analysis and research on technical topics needed by OCTA.

This service is the inclusion of a dedicated, high-level analyst to assist OCTA in specific technology and business oriented issues. The focus of the analyst is to determine the optimal software architecture and mix of applications that should be considered in our overall application portfolio. Research will be provided to ensure the appropriate timing and scope of OCTA's inclusion in the new "Cloud" technology arena. These decisions involve high-level interaction of experienced analysts to ensure proper timing and planning. The decision will impact the effectiveness and efficiency of day to day operations at OCTA. Previously budgeted in 1281 in Fiscal Year 24/25.

Description:	Help Desk & Desktop Operations Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1283-7519-A5352-9TU	Quantity:	1
Line Item ID:	FY26-01332			Unit Cost:	\$655,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$655,000

Please provide a complete description of this request.

This line item will have the capacity to fund two full-time positions, three part-time positions, and two positions for Windows 10 to Windows 11 operating system refresh project in fiscal year (FY) 2026. These positions will support our desktop and mobile computer systems and required infrastructure in addition to the Help Desk function as well as maintaining cyber security standards on our workstation computer systems.

The additional two technicians will support the workstation refresh project that will replace computers throughout the Authority that are on Windows 10, upgrading them to Windows 11. Staff will also need to start supporting construction of Transit Security and Operations Center (TSOC) and OC Streetcar Maintenance Facility buildings. The contracted Desktop Support Technicians will supplement the three current staff supporting desktop computer operations. Desktop staff is responsible for supporting 1,200 computer systems, including hardware break-fix, security patches, software installation and updates, and general "How to?" questions for the entire OCTA. In addition, desktop is responsible for supporting the audio/visual equipment in the board room and all conference rooms, printers, and copiers that are used throughout OCTA. The desktop team will continue to refresh Surfaces that have reached their end of life on a rolling basis. The desktop support technicians also manually mitigate security risks when automated tools fail on endpoint computing devices. The Help Desk position is filled by a contracted technician. There is only one Help Desk Technician, and that person is responsible for answering the Help Desk extension 5545 daily. They document and analyze the customers' issues and will either resolve the issue or escalate the issue up to the next level of support for resolution. They are also responsible for updating inventory data to track desktop and laptop computers, monitors, printers, scanners, etc.

The staffing contract was effective June 28th, 2023, and establishes pricing for the entire 5-year contract. The budget reflects year 3 of the contract. The staffing contract allows for 26 days (208 hours) of paid time off for full-time consultants. This time is not billed by the contractor. The annual hours billed would then be 1872 (2080-208) for full-time and 1300 hours for the part-time positions.

Description:	Technology User Education for Staff			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1283-7519-A5352-0S3	Quantity:	1
Line Item ID:	FY26-01331			Unit Cost:	\$50,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$50,000

Please provide a complete description of this request.

Onsite end-user education that will support the efficient use of technology across OCTA. This will include onsite classes as well as one-on-one sessions with upper management to enhance the use of available technology.

Description:	Video Service			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1283-7519-A5352-9VB	Quantity:	1
Line Item ID:	FY26-01333			Unit Cost:	\$140,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$140,000

Please provide a complete description of this request.

Covers contract for Board video streaming services.

Covers rental of video streaming equipment and at least two staff members to operate equipment during board meetings.

Includes adding close captioning to board meeting stream and incidental costs over the fiscal year.

Finance and Administration

Description:	Cloud Disaster Recovery Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1284-7519-A5352-18P	Quantity:	1
Line Item ID:	FY26-01347			Unit Cost:	\$650,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$650,000

Please provide a complete description of this request.

OCTA's adoption of Disaster Recovery as a Service (DRaaS) introduces a customized, cloud-based solution designed to securely back up its data and Information Technology (IT) infrastructure within a third-party cloud environment. The primary goal of this service is to provide a dependable system for data recovery and business continuity, tailored to OCTA's specific operational needs. It prepares OCTA to handle various disruptions, including natural disasters, cyber-attacks, system failures, or other incidents that could result in data loss or significant downtime. By leveraging DRaaS, OCTA aims to enhance its operational resilience, enabling rapid recovery and the seamless continuation of critical functions during unexpected events. This strategic initiative underscores OCTA's dedication to delivering uninterrupted and efficient services, regardless of external challenges.

Description:	Contract Database Administrator (Senior)			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1284-7519-A5352-DU2	Quantity:	1
Line Item ID:	FY26-01352			Unit Cost:	\$275,152
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$275,152

Please provide a complete description of this request.

Having a dedicated contract database administrator for our organization is critical to ensuring the seamless integration, management, and optimization of complex systems that support our operations. As technology continues to evolve and our infrastructure becomes increasingly sophisticated, the need for specialized expertise to design, implement, and maintain these systems has never been greater. A contract database administrator brings a wealth of experience and technical proficiency, allowing us to address immediate project needs, meet tight deadlines, and enhance system performance without the long-term commitment of a full-time hire. This flexibility enables us to allocate resources efficiently while benefiting from expert guidance in areas such as systems architecture, troubleshooting, and scalability. Additionally, the presence of a contract database administrator mitigates risks associated with system failures, ensures compliance with industry standards, and promotes innovation by bringing fresh perspectives to our technical challenges.

Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$261,400

Please provide a complete description of this request.

Having a dedicated contract transit business analyst for our organization is critical to ensuring the seamless integration, management, and optimization of complex systems that support our operations. As technology continues to evolve and our infrastructure becomes increasingly sophisticated, the need for specialized expertise to design, implement, and maintain these systems has never been greater. A contract transit business analyst brings a wealth of experience and technical proficiency, allowing us to address immediate project needs, meet tight deadlines, and enhance system performance without the long-term commitment of a full-time hire. This flexibility enables us to allocate resources efficiently while benefiting from expert guidance in areas such as systems architecture, troubleshooting, and scalability. Additionally, the presence of a contract transit business analyst mitigates risks associated with system failures, ensures compliance with industry standards, and promotes innovation by bringing fresh perspectives to our technical challenges.

Description:	Data Center Colocation			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1284-7519-A5352-0EX	Quantity:	1
Line Item ID:	FY26-01346			Unit Cost:	\$335,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$335,000

Please provide a complete description of this request.

The use of data center co-location is a strategic investment that offers significant benefits for the organization, enhancing both operational efficiency and scalability. By leveraging a co-location facility, the organization gains access to a secure, high-performance infrastructure without the upfront costs and ongoing maintenance associated with building and managing an in-house data center. Co-location provides redundant power, cooling, and network connectivity, ensuring reliable uptime and reducing the risk of service interruptions. Additionally, these facilities offer state-of-the-art physical and cybersecurity measures, safeguarding critical assets and sensitive data. The scalability of co-location allows the organization to adapt to changing business needs, easily expanding or contracting resources as required.

Description:	Offsite Data Storage			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1284-7519-A5352-418	Quantity:	1
Line Item ID:	FY26-01350			Unit Cost:	\$10,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$10,000

Please provide a complete description of this request.

Destroying old backup tapes from storage is a prudent decision when considering factors such as data security, storage management, and compliance with legal or regulatory requirements. Retaining outdated backup tapes, particularly those containing sensitive or obsolete data, increases the risk of data breaches or unauthorized access, as older storage media may no longer meet modern security standards. Furthermore, maintaining these tapes consumes valuable physical storage space and may incur unnecessary costs for inventory management, particularly if the data is no longer relevant to current business operations.

Finance and Administration

FY:	2026	Account:	1286-7519-A5354-070	Quantity:	4
Line Item ID:	FY26-01372			Unit Cost:	\$175,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$700,000

Please provide a complete description of this request.

4 full time contracted resources to support the Workday implementation. 2 resources for payroll and 2 resources for People and Community Engagement (PACE). These are to backfill subject matter experts for the duration of the project.

Description:	eSignage Project Software			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1288-7519-A5352-DJ7	Quantity:	1
Line Item ID:	FY26-02539			Unit Cost:	\$100,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Procurement	Total:	\$100,000

Please provide a complete description of this request.

The goal of this project is to install eDisplays/signage at up to 150 bus stops along OC Bus routes 29, 43, 57, 60, 64, 66, 529, 543, and 560 in Orange County in order to provide bus riders with real-time information on the next bus arriving, identify Orange County's Rapid Bus Service, and provide information regarding connections to Metrolink Stations. The project budget (\$2.5 million) is for Fiscal Year 25-26. The project will also include the following: Deployment of 39 new eSignage devices along McFadden Avenue Route 66 between Harbor and Main St. and the replacement of the existing 26 Papercast eSignage devices deployed along the Bravo! 553 route, set to expire in May 2027. Project will also include five years of ongoing hosting, licensing, and support.

Description:	Professional Services ITMS Upgrade			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1288-7519-D1111-3NM	Quantity:	1
Line Item ID:	FY26-01376			Unit Cost:	\$7,130,357
Grant Funded?	<input type="checkbox"/>	Phase:	Procurement	Total:	\$7,130,357

Please provide a complete description of this request.

Budgeting for professional services to maintain OCTA's Intelligent Transportation Management System (ITMS) is essential to ensuring reliable and efficient transit operations. These services will support the maintenance of ITMS infrastructure at six County radio tower sites, ensuring continuous and secure communication for real-time vehicle tracking and dispatch. Additionally, funding will enable the replacement of outdated Automatic Passenger Count (APC) sensors with Ethernet-compatible models, aligning with a potential new passenger count system to enhance ridership data accuracy. Professional services are also needed to install new tablets on buses to support a potential new scheduling system, as existing tablets will not be compatible. To improve dispatch coordination, funding will support the integration of the L3Harris Symphony dispatch console with Conduent's OrbCAD computer-aided dispatch/automatic vehicle location (CAD/AVL) system, ensuring seamless communication between dispatch and vehicle location functionalities. Furthermore, Cradlepoint routers, which are nearing end-of-life, will be replaced, and new routers will be installed on OC ACCESS vehicles that currently lack them, improving network connectivity. Lastly, aging radios across OCTA's fleet will be replaced to maintain clear and reliable communication between operators and control centers. These investments are crucial for maintaining the efficiency, reliability, and modernization of OCTA's ITMS infrastructure.

\$100,000: Professional services for miscellaneous ITMS projects

\$687,500: Professional services for the installation of the tablets on the OC ACCESS vehicles

\$700,000: Professional services for the installation of the APC Sensors

\$1,142,857: Symphony Console Integration: Integration of L3Harris Symphony dispatch console with Conduent's OrbCAD CAD/AVL system

\$2,250,000: Professional services for the installation of the Cradlepoint routers

\$2,250,000: Professional services for the installation of the radios

Finance and Administration

Description:	Cybersecurity Professional Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1289-7519-IX061-000	Quantity:	1
Line Item ID:	FY26-01392			Unit Cost:	\$450,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$450,000

Please provide a complete description of this request.

The evolving cybersecurity landscape necessitates proactive measures to identify, address, and mitigate risks effectively. This budget proposal outlines investments in two critical areas essential to strengthening our security posture with penetration testing and cybersecurity engineering assistance.

Penetration Testing: Pen-testing is vital to uncover vulnerabilities in our network, systems, and applications before they are exploited by malicious actors. This budget includes funding for certified ethical hackers to conduct annual comprehensive tests. These tests simulate real-world attack scenarios, providing actionable insights to remediate security gaps effectively. By identifying weaknesses proactively, penetration testing enhances our overall defense mechanisms, safeguards sensitive data, and ensures compliance with regulatory standards.

Cybersecurity Engineering Assistance: Cybersecurity engineering assistance addresses workforce challenges in the competitive employment market while bolstering our existing team's capabilities. This investment ensures access to specialized skills and expertise to tackle complex security challenges effectively. Contracted engineers will support regular security assessments, vulnerability management, incident response, and the implementation of security best practices. They will also evaluate and deploy new cybersecurity technologies, ensuring our defenses remain adaptive to emerging threats. This approach enhances flexibility, accelerates response times, and aligns with our commitment to maintaining a resilient and agile security posture.

These targeted investments demonstrate our dedication to proactive risk management, compliance with regulatory requirements, and the protection of sensitive information. These measures collectively strengthen our cybersecurity framework and support long-term organizational goals.

Description:	Professional Services IT/Cyber Support			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1289-7519-IX061-PRO	Quantity:	1
Line Item ID:	FY26-01393			Unit Cost:	\$160,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$160,000

Please provide a complete description of this request.

The evolving cybersecurity landscape necessitates proactive measures to identify, address, and mitigate risks effectively. This budget proposal outlines investments in two critical areas essential to protecting sensitive information with a data privacy program and a Business Impact Analysis (BIA). Our last BIA was updated in 2016, and enterprise security risks have changed since then.

Data Privacy Program: A robust Data Privacy program is essential for any organization collecting and processing personal information, especially when dealing with Orange County bus riders (customers, minors, students, and individuals with disabilities). These riders require data protection safeguards. The program establishes a structured approach to align with a Privacy-by-Design framework and laws like the Children's Online Privacy Protection Act (COPPA; "Youth Ride Free"), the Americans with Disabilities Act (ADA; "OC Access") and the Health Insurance Portability and Accountability Act (HIPAA; for employee benefits data). Beyond compliance, the program prioritizes trust-building by protecting sensitive information and mitigates risks of exploitation and lawsuits in the event of a data breach. It also reflects our commitment to fostering ethical practices while reinforcing stakeholder confidence in our data management practices.

Business Impact Analysis (BIA): An updated BIA is a cornerstone of risk management, enabling organizations to assess and prepare for potential disruptions. This process evaluates the operational, financial, and reputational impacts of threats such as cyberattacks, natural disasters, and supply chain interruptions. The budget supports updating our BIA to prioritize critical processes, allocate resources strategically, and update our recovery plans. Additionally, regular reassessments ensure our risk mitigation strategies remain relevant amidst changing technologies, market dynamics, and regulatory requirements. By identifying and addressing emerging risks, we minimize downtime and financial losses while enhancing organizational resilience. This project will be funded by both the Cybersecurity and Security and Emergency Preparedness (SEP) departments.

These targeted investments demonstrate our dedication to proactive risk management, compliance with regulatory requirements, and the protection of sensitive information. These measures collectively strengthen our cybersecurity framework and support long-term organizational goals.

Description:	Office Equipment and Relocation Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1290-7629-A5302-1P3	Quantity:	1
Line Item ID:	FY26-01405			Unit Cost:	\$10,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$10,000

Please provide a complete description of this request.

Movement of all surplus items to storage areas and assisting base locations with moves or relocation. This service is required because OCTA does not have the capability to perform these types of tasks. Moving divisions to another floor, relocation of copiers/printers, and safes for the OCTA store are some examples of this service utilization.

Description:	Administrative Headquarters Design Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1293-7519-HQ001-HQ2	Quantity:	1
Line Item ID:	FY26-01447			Unit Cost:	\$4,200,000
Grant Funded?	<input type="checkbox"/>	Phase:	Construction	Total:	\$4,200,000

Please provide a complete description of this request.

This budget request is for costs associated with design services during the preparation of the plans, specifications, and estimates being prepared for improvements to OCTA's administrative headquarters property. Design support is required for improvements such as the construction of a new boardroom/conference room facility, and the rehabilitation, modernization and remodel of the office tower. The proposed OCTA boardroom/conference room facility is planned to hold all OCTA's public board and committee meetings as well as provide large conference rooms for OCTA's administrative staff. The rehabilitation and modernization may include replacement/upgrade of core mechanical/electrical equipment. The remodel will include demolition of existing office interiors and construction of new office improvements and furnishings.

Description:	Public Transportation Agency Safety Plans (PTASP)			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1142-7519-A2334-1SE	Quantity:	1
Line Item ID:	FY26-01115			Unit Cost:	\$250,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$250,000

Please provide a complete description of this request.

A large urbanized area provider that does not meet an established annual safety performance target set by the Safety Committee under § 673.19(d)(2) for the safety risk reduction program in § 673.11(a)(7) must allocate its safety set-aside in the following fiscal year to safety related projects eligible under 49 U.S.C. 5307 that are reasonably likely to assist the transit agency in meeting the safety performance target in the future.

Safety set-aside means the allocation of not less than 0.75 percent of assistance received by a large, urbanized area provider under 49 U.S.C. 5307 to safety related projects.

The 2024 Public Transportation Agency Safety Plans (PTASP) safety performance targets were not met. To address this, the project will focus on public outreach, including training and materials for Bus and Paratransit to improve safety performance and meet future targets.

Description:	Safety Data Sheet Compliance Management			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1142-7519-A2360-T31	Quantity:	1
Line Item ID:	FY26-01118			Unit Cost:	\$16,505
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$16,505

Please provide a complete description of this request.

This is a web-based database for the OCTA hazardous materials inventories and associated Safety Data Sheets (SDS). CalOSHA requires industries to maintain current SDS for all chemicals used at its locations under CCR T8 §5194. OCTA has a database of over 800 SDS that must be accessible to all employees at all times. The increase in the budget amount covers the provider's change of service bundles. OCTA's previous service bundle is no longer available.

Description:	Transit Compliance Training			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1142-7519-A2334-9HE	Quantity:	1
Line Item ID:	FY26-01116			Unit Cost:	\$7,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$7,000

Please provide a complete description of this request.

The final product and service would consist of the training requirement for compliance with California Occupational Safety & Health Administration (OSHA) requirements. Such trainings include: Fall Protection, Welding and hot work safety, Electrical safety, Blood borne pathogens, Lock-out/Tag-out, Confined space, Injury and Illness Prevention Program (IIPP), and Safety management systems.

Description:	General Training			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1321-7519-A2006-P95	Quantity:	1
Line Item ID:	FY26-01509			Unit Cost:	\$60,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$60,000

Please provide a complete description of this request.

Assistance with training creation and delivery, which may include instructional design, development of online learning, branding, or some modification and customization of off-the-shelf materials and technical writing. In 2025/26, we anticipate offering Business Writing (\$20K), Supervisor Training (\$30K), and Crucial Conversations (\$10K). There may be additional training that is needed for staff. These programs will be outsourced as much as possible due to other commitments such as the Human Resource Information System/Learning Management System (HRIS/LMS) conversion and the Academies.

Please provide a complete description of this request.

This account funds a variety of self-assessments that can be used in conjunction with internal leadership and development training for staff, such as the Management Development Academy (MDA) and Early Career Academy (ECA). MDA is planned for calendar year 2025 and utilizes 360-degree assessments and ECA is also scheduled for 2025 and uses Myers-Briggs Type Indicator (MBTI) instruments. These assessments can be a valuable tool in helping participants learn more about their own leadership and learning styles. The simulations provide another tool in which to apply the learning material in a collaborative manner with debriefs and real-world application.

Description:	Training Licenses FranklinCovey			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1321-7519-A2006-010	Quantity:	1
Line Item ID:	FY26-01507			Unit Cost:	\$88,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$88,000

Please provide a complete description of this request.

Licensing for online training access, training certification, and materials that allow OCTA instructors to be certified to deliver content and print materials in-house at a significant savings over hiring external instructors. This is a 3-year contract that was originally negotiated in 2022/2023 and needs to be renewed in FY 2025/26. The \$88,000 is for 100 licenses for 3 years; a cost of \$293 per learner per year for unlimited FranklinCovey classes and content.

Description:	Arbitration/Mediation Fees			Recurring?	<input checked="" type="checkbox"/>

Description:	Awareness and Retention Programs			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1837-7519-A3311-CRB	Quantity:	1
Line Item ID:	FY26-01888			Unit Cost:	\$525,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$525,000

Please provide a complete description of this request.

To support various ridership initiatives, staff is implementing customer education/grass roots programs to build a positive perception of bus service to attract and retain new and existing ridership. The goal of this campaign is to increase awareness of the OCTA bus system among Orange County residents, including an extension of the Beyond the Bus initiative, free rides, reduced fare, and youth and college pass programs. Marketing tactics will include outreach, website information, bus ads, bus wraps, print ads, as well as email and social media distribution.

Additionally, a full-scale awareness program will be implemented to support the new fare collection system and introduce the new Wave card and Wave mobile to customers and guide them in the transition. Communications will target current riders, local communities, seniors, colleges and universities. Marketing tactics will include outreach, website information, brochures, bus ads, bus shelter ads, print ads, email, and social media distribution.

Description:	Customer and Public Communications			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1837-7519-A3311-1GI	Quantity:	1
Line Item ID:	FY26-01886			Unit Cost:	\$200,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$200,000

Please provide a complete description of this request.

General baseline communications are necessary to provide current OC Bus riders, as well as potential new riders, with basic bus-related information that will allow them to navigate the OC Bus system, such as how-to-ride guides and maps, safety, security and customer conduct communications, and support of other departments such as Operations, OC ACCESS, Planning/F&A initiatives for public hearings and outreach, support of OC Bus initiatives, Operations (Roadeo, fleet branding, etc.), and support for the Transit Center Modernization project. In addition to the baseline communications, the following programs will also be produced:

SERVICE CHANGES have been increased to four times a year. Many items are required to provide timely, accurate, and informative bus route and scheduling information, all requiring some design, production, and printing needs. An ebusbook is developed for customers and is available online in electronic form, as well as printed (through the internal printshop) for operators and customers upon request. All bus stops display information on routes and schedules requiring stop-specific updates to be produced, printed, and laminated for display. Service change highlights brochures and interior cards are produced for each service change and stop-specific materials for routes with discontinuations.

TRANSLATION SERVICES are also needed to ensure compliance with Limited English Proficiency (LEP) requirements. Many core communications (service change, how to ride, website) need to be translated into up to six languages based on need and proximity to routing change. Additionally, on-site staff is required on occasion for verbal translation for outreach events. The extent of the translation needed and the special character requirements of these languages require a contracted service provider to assist with these translations.

TRANSIT KIOSKS: All of OCTA's transit centers have triangular kiosks that display customer information as well as holders that enable flyer distribution at the transit center. As information on routing/scheduling and other customer information changes, the metal panels displaying the information need to be reprinted and reinstalled. Additionally, due to periodic vandalism, the kiosks require maintenance that includes the replacement of panels, brochure holders, and sometimes the frame itself. An outside vendor is needed to produce, install, and maintain the kiosks.

Various firms must provide design for collateral materials and media ads, printing for bus books and customer information pieces outside of in-house capabilities, videos, bus ads, and more.

Contracts associated with this line item: C22288, C22317, C22313, C02238, C02178, C02132.

Description:	Customer Information Center			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1837-7519-D4601-1E4	Quantity:	1
Line Item ID:	FY26-01892			Unit Cost:	\$1,273,056
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$1,273,056

Please provide a complete description of this request.

The Orange County Transportation Authority (OCTA) typically operates 54 fixed-route bus lines, with average weekday boardings of approximately 127,000 (October 2024). Additional services provided by OCTA include ACCESS operations, the 91 Express Lanes, Freeway Service Patrol, vanpool, rideshare, and active transportation services. All of these services generate questions from the public and require operational functions that provide information and access.

OCTA provides a Customer Information Center (CIC) to provide travel itineraries and transit information to bus riders, as well as receive and record customer comments, and process pass sales orders. The CIC representatives also receive pass sales orders, answer the main OCTA administrative phone line, take lost and found reports, and provide assistance for reduced fare programs and ACCESS service.

In addition to existing customer information and customer relations support by phone, the current agreement starting in FY 2021-22 added additional responsibilities and customer communication channels, including receiving and responding to customer emails, and social media comments. Additional communications channels such as Text (SMS) communication and online chats are planned for future implementation.

The structure of the current agreement includes a tiered price structure based on activity, along with a fixed monthly cost based on business operation costs. In FY 2025-26, staff expects call volumes to increase due to the implementation of the new fare system implementation (July 2025) including customer support with new fare media, mobile apps and account creation; the start of OC Streetcar operations.

Current contract for services is C-0-2698.

Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$1,000

Please provide a complete description of this request.

The contracted service provider records program and service information provided and updated by OCTA. Recordings are heard when customers are placed on hold. Recorded information includes but is not limited to construction projects, 91 Express Lanes, OC ACCESS paratransit service, bus information services such as Text4Next, eBusbook and the Customer Information Center, bus fare media, Title VI, railroad safety messages, and 511. The scope of work includes recordings written by OCTA staff. The recording service provides a mix of short paragraphs of information that are repeated in a continual loop interspersed with short musical interludes. Recordings are updated on a quarterly basis or as requested by the OCTA. The text and music are recorded by the recording service provider in a digital archive and are downloaded and installed by the OCTA's Information Systems Department.

Please provide a complete description of this request.

To help Orange County employers comply with South Coast Air Quality Management District (AQMD) requirements, OCTA requires consultant support to facilitate the annual employer transportation survey and Average Vehicle Ridership (AVR) calculation services and provide individualized RideGuides to employees to help achieve Rule 2202 compliance. Data from these surveys are stored in a regional rideshare database, jointly developed, maintained, and owned by the regional County Transportation Commissions.

Current contract is C-4-2195.

People and Community Engagement

Description:	Community Awareness			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	1861-7519-A5160-0NF	Quantity:	1
Line Item ID:	FY26-01926			Unit Cost:	\$400,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$400,000

Please provide a complete description of this request.

The OCTA trust-building campaign continues the work of keeping various communities engaged with OCTA's programs, projects, and plans by participating in community and business events to keep various stakeholders aware and informed with the goal of positioning OCTA as a trustworthy organization that values the input of its community. The campaign is apprised of tactics to reach underserved, or difficult-to-reach groups. The outreach goal being to connect with Orange County's hard-to-reach Spanish and Vietnamese speakers, including other languages when possible. Engaging these underrepresented and hard-to-reach populations is vital to the success of our various program initiatives.

Outreach tactics will include, but aren't limited to:

1. Participate in virtual / hybrid and in-person events throughout Orange County, targeting hard-to-reach communities.
2. Engage in public relations strategies and grassroots activities.
3. Engage with media with advertisements and earned media to commemorate cultural holidays and milestones along with publicizing OCTA's projects, programs and plans, and other activities.
4. Develop collateral materials with cultural relevance.
5. Utilize cultural ambassadors to magnify OCTA's presence at events and on social media and ethnic media.

Current contract is C-2-2655 with Modern Times that will end November 30, 2025. Plan to procure a new contract to oversee activities for the remainder of the FY.

Description:	Community Partner Fund			Recurring?	<input checked="" type="checkbox"/>

Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$340,000

Please provide a complete description of this request.

Line item is used by two current contracts and to procure another contract in the new FY.

First, consultant public outreach support services were procured for multiple planning studies, including the OC Transit Vision and OC Transportation Demand Management study. This contract will be closing out by FY 25/26 - C-2-3053. Additionally, consultant public outreach support services were procured for multiple planning studies, including the Orangethorpe Transit Village Conceptual Study, Bikeways Connectivity Study and the Mobility Hubs Phase 2 Study. Existing contract is C-4-2076.

In anticipation of future planning studies that will require public outreach, the Public Outreach Dept. is seeking consultant public outreach support services. This contract would include multiple studies, as needed, and could include the Zero-Emission Bus Transition Plan. Outreach deliverables for current and future contracts include coordination of stakeholder workshops and roundtables, public meetings, and online surveys; production of public information materials, such as infographics, board presentations, and handouts; and development of social media and web content.

Move OC will develop a vision, goals, objectives, targets, and metrics focusing on infrastructure, programmatic, policy, and funding recommendations while incorporating new and emerging technologies such as e-bikes and other forms of new mobility in alignment with the state's goals to reduce greenhouse gas (GHG) emissions, reduce vehicle miles traveled (VMT), and improve air quality.

Description:	OC Connect - ESA Phase II			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1531-7519-A4530-0QC	Quantity:	1
Line Item ID:	FY26-01656			Unit Cost:	\$350,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Environmental	Total:	\$350,000

Please provide a complete description of this request.

To complete the Environmental Site Assessment Phase II and associated outreach and design work for the OC Connect trail project. The project is for a proposed bikeway connection along the Pacific Electric Right-of-Way (PE ROW) between Raitt and Euclid Streets and the PE ROW and Hazard Ave along the Wintersburg Channel. This project is funded by a Department of Toxic Substances Control Grant and an Environmental Protection Agency Grant awarded in 2024.

Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$200,000

Please provide a complete description of this request.

The Climate Adaptation and Sustainability Plan (CASP) Follow-Up Activities Implementation will help advance OCTA's sustainability and resiliency goals by turning some of the top priority CASP measures into actions. This is the next step following the CASP Follow-Up Activities effort, which focused on assessing the recommendations outlined in the CASP and developing implementation strategies for those that were prioritized the highest.

Description:	Climate Adaptation and Sustainability Plan Follow-up Activity/Task			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1537-7519-A1519-PEP	Quantity:	1

FY:	2026	Account:	1537-7519-A1519-0XB	Quantity:	1
Line Item ID:	FY26-01701			Unit Cost:	\$7,500
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$7,500

Please provide a complete description of this request.

General environmental support for transit, rail, highway projects, environmental programs, and the Long-Range Transportation Plan.

Description:	Sustainability Program Support			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1537-7519-A1519-0U2	Quantity:	1
Line Item ID:	FY26-01700			Unit Cost:	\$40,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$40,000

Please provide a complete description of this request.

The consultant will support implementing, tracking, and monitoring OCTA's sustainability and climate adaptation efforts. This support will help OCTA better prepare for and adapt to climate change impacts and further advance its sustainability initiatives.

Description:	LA 2028 Olympics Service Plan			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1539-7519-D0010-8QK	Quantity:	1
Line Item ID:	FY26-01717			Unit Cost:	\$250,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Study	Total:	\$250,000

Please provide a complete description of this request.

Consultant assistance is needed to develop a service plan for the transportation needs of the 2028 LA Olympics. This effort will require extensive collaboration with multiple partner agencies, including Southern California Regional Rail Authority (SCRRA), LA Metro, private transportation companies, and neighboring transit agencies.

Description:	Harbor Blvd Corridor Study			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1539-7519-D0010-BC9	Quantity:	1
Line Item ID:	FY26-01718			Unit Cost:	\$750,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Study	Total:	\$750,000

Please provide a complete description of this request.

Consultant services to conduct a follow-up study to analyze opportunities for improving transit along the Harbor Boulevard corridor. The 2024 OC Transit Vision master plan recommends Harbor Boulevard as a Transit Opportunity Corridor for high-capacity transit. The study will build upon the goals and project recommendations from the previous Central Harbor Boulevard Transit Corridor Study (2019) and consider changes to travel behavior, demographics, and transit technology.

Description:	Short-Term OC Bus Service Analysis			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1539-7519-A1408-TQQ	Quantity:	1
Line Item ID:	FY26-01716			Unit Cost:	\$300,000
Grant Funded?	<input type="checkbox"/>	Phase:	Study	Total:	\$300,000

Please provide a complete description of this request.

Consultant assistance is required to develop a 5-Year Short Range Transit Plan. This effort will analyze the effectiveness of the Making Better Connections Implementation Plan and address any deficiencies in the OC Bus network. This study will be an in-depth analysis of performance measurements at the route, segment, and stop level, utilizing various parameters and data. The Consultant will develop a plan with service change recommendations by bus route.

Description:	Transit Asset Management Plan Update			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1539-7519-A0001-TQV	Quantity:	1
Line Item ID:	FY26-01715			Unit Cost:	\$250,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$250,000

Please provide a complete description of this request.

Per FTA Transit Asset Management (TAM) Plan Final Rule, transit agencies must update their Transit Asset Management Plan (TAMP) every four years. OCTA's next update will be the 2026 Transit Asset Management Plan. Professional services will be solicited to update the plan.

Description:	Zero Emission Bus Rollout Plan Update			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	1539-7519-D0016-TQV	Quantity:	1
Line Item ID:	FY26-01720			Unit Cost:	\$150,000
Grant Funded?	<input checked="" type="checkbox"/>	Phase:	Study	Total:	\$150,000

Please provide a complete description of this request.

Develop update to implementation plan to meet Zero Emission Bus requirements from California Air Resources Board (CARB). Pushed out to FY 25/26.

Grant Funded?	<input type="checkbox"/>	Phase:	Construction	Total:	\$50,000

Please provide a complete description of this request.

Acquisition and relocation of property, title, escrow, appraisal and appraisal review, right-of-way engineering, and negotiations for the San Juan Creek Bridge replacement project. The budget request is for costs associated with these services.

Capital Programs

Description:	SR-55 Improvement Project, I-5 to I-405 - ROW Support Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7514-FF101-0KU	Quantity:	1
Line Item ID:	FY26-00113			Unit Cost:	\$500,000
Grant Funded?	<input type="checkbox"/>	Phase:	Right-of-Way	Total:	\$500,000

Please provide a complete description of this request.

This budget request is for costs associated with the consultant to provide real estate appraisal and review fees, property owner appraisals, goodwill appraisals, relocation, demolition, environmental mitigation, and litigation services during construction for the State Route 55 from the I-405 to I-5. The project will add general purpose and high-occupancy vehicle (HOV) lanes in each direction; replace existing and add new auxiliary lanes at specific locations; and add other geometric improvements.

Description:	SR-55 Improvement Project, I-5 to SR-91 - ROW Support Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7514-FF102-0X0	Quantity:	1
Line Item ID:	FY26-00114			Unit Cost:	\$1,430,000
Grant Funded?	<input type="checkbox"/>	Phase:	Right-of-Way	Total:	\$1,430,000

Please provide a complete description of this request.

This budget request is for costs associated with real estate appraisal and review fees, property owner appraisals, goodwill appraisals, relocation, demolition, environmental mitigation, and litigation services provided by Caltrans under Cooperative Agreement C-3-2465, for the project. The project will add new lanes between the SR-22 and the I-5, including merging lanes between interchanges to smooth traffic flow, and provide operational improvements on SR-55 between SR-22 and SR-91.

Description:	SR-57, Orangewood Avenue to Katella Avenue - ROW Support Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7514-FG104-02K	Quantity:	1
Line Item ID:	FY26-00115			Unit Cost:	\$750,000
Grant Funded?	<input type="checkbox"/>	Phase:	Right-of-Way	Total:	\$750,000

Please provide a complete description of this request.

This budget request is for costs associated with real estate appraisal and review fees, property owner appraisals, goodwill appraisals, relocation, demolition, environmental mitigation, and litigation services for the SR-57 Northbound from Orangewood Avenue to Katella Avenue. It is under Cooperative Agreement No. C-3-2577 with Caltrans, for the project. The project will add one general-purpose lane from Orangewood Avenue to Katella Avenue, extend the existing auxiliary lane from the Orangewood Avenue off-ramp to the Katella Avenue off-ramp, and improve the northbound Katella Avenue off-ramp by providing two exit lanes.

Please provide a complete description of this request.

OCTA oversees the Coastal Rail Corridor Relocation Study, which aims to determine the feasibility of potentially relocating an approximately 11-mile segment of the rail line in south Orange County due to challenges posed by climate change. The study spans from the Orange/San Diego County line to the south and the City of San Juan Capistrano to the north. Oversight responsibilities may include, but are not limited to, providing guidance on the technical studies, engaging with stakeholders, reviewing technical study analyses, and conducting legislative/policy analysis.

FY:	2026	Account:	0017-7519-FD102-0IA	Quantity:	1
Line Item ID:	FY26-00152			Unit Cost:	\$50,000
Grant Funded?	<input type="checkbox"/>	Phase:	Environmental	Total:	\$50,000

Please provide a complete description of this request.

Comprehensive public awareness services for future public awareness and engagement activities of the I-5 EI Toro Interchange Project. Project is currently in the environmental phase but transitioning to design.

A public hearing is anticipated to be conducted in late 2025. Outreach efforts will include a combination of traditional methods and innovative approaches to keep stakeholders informed and engaged with access to project information that conveys authenticity and transparency. The project alternatives and their benefits will be highlighted equally to support the project and build trust with the public and all stakeholders. In addition, outreach will include communications and engagement with the various communities in the project area, which includes non-English speaking, special-needs, lower socioeconomic populations. This public outreach campaign will follow public review period procedures as required by the California Environmental Quality Act (CEQA), the National Environmental Policy Act (NEPA), and Caltrans environmental guidelines. The outreach team will facilitate a minimum of two formal public meetings; a public informational meeting and a public hearing (open house format).

Existing contract C-2-2891.

These funds have been designated to continue consultant services to perform public outreach related to the Freeway Environmental Mitigation Program. The objective of the outreach is to inform target audiences about the Mitigation Program need, status, and benefits. The primary focus is to promote awareness and to support OCTA's outreach activities, with tasks including coordinating public meetings, 9 hikes and equestrian ride tours, educational activities, and outreach materials and communications. The consultant also coordinates all printed materials, projects boards, and web and social media content.

Current contract is C-1-3497.

A contract is required for the annual update to forecast and analyze market conditions for public infrastructure development in surrounding counties, Orange County, and the state of California. Orange County Business Council will report on current and projected conditions to share with OCTA so that staff can anticipate and manage competitive cost pressures and the availability of materials, equipment, labor, and qualified professional staff and services. Sole Source Contract with Orange County Business Council (OCBC) to provide bi-annual updates and an accompanying memo to track key market indicators and forecast conditions for the next three years. Information provided is presented to the Board in October and is used for the Next 10 Delivery Plan.

Description:	Navy Weapons Station - Program Management Consultant Services			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7519-FK101-0XE	Quantity:	1
Line Item ID:	FY26-00182			Unit Cost:	\$50,000
Grant Funded?	<input type="checkbox"/>	Phase:	Construction	Total:	\$50,000

Please provide a complete description of this request.

This budget request for costs associated with the consultant to provide program management support services during construction under Agreement No. C-2-2855 with Mott MacDonald related to the general purpose lane of the project.

Capital Programs

Description:	OCTA Preserve Resource Management Plans			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7519-FX001-TGQ	Quantity:	1
Line Item ID:	FY26-00201			Unit Cost:	\$100,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$100,000

Please provide a complete description of this request.

Consultant services will be needed to help maintain the existing M2 Environmental Mitigation Program (EMP) by updating the Resource Management Plans (RMPs) that were originally in 2016 for all of OCTA's M2 Preserves. The Preserves have specific RMPs developed in 2017 to guide the management activities for each preserve. Most RMPs are set to be reviewed every five years to determine if revisions are needed. Services described in the RMPs include various items for regular maintenance and monitoring to support existing operational infrastructure and land management. Revisions to the RMPs will include updating the Preserve names, updating the goals and objectives, and incorporating the new fire management plans.

Description:	OCTAM Travel Demand Model Enhancements			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7519-TS001-ODF	Quantity:	1

Description:	San Juan Creek Bridge Replacement Project Public Outreach			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7519-TR022-16H	Quantity:	1
Line Item ID:	FY26-00264			Unit Cost:	\$75,000
Grant Funded?	<input type="checkbox"/>	Phase:	Construction	Total:	\$75,000

Please provide a complete description of this request.

Metrolink in cooperation with OCTA is replacing a 100-year old railroad bridge. The bridge carries a single mainline track for passenger and freight rail traffic over San Juan Creek in San Juan Capistrano. The project will replace the bridge to increase safety and reduce maintenance. The new bridge will be constructed adjacent to the existing bridge, which will be demolished. A new substructure will be constructed to accommodate future bridge widening needs without impacting the creek and access trails and roads. The project requires intermittent closure of San Juan Creek Trail, which is heavily used by pedestrians and bicyclists. A detour approved by the City of San Juan Capistrano is utilizing City streets and sidewalks. Outreach is required with bicyclists and pedestrians who regularly use this trail as well as to the surrounding businesses and mobile home parks. A new procurement is underway for an outreach consultant beginning April 2025.

Current contract is C-8-2074.

Capital Programs

Description:	SR-55 (I-5 to SR-91) Public Outreach			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	0017-7519-FF102-TYP	Quantity:	1
Line Item ID:	FY26-00160			Unit Cost:	\$75,000
Grant Funded?	<input type="checkbox"/>	Phase:	Engineering	Total:	\$75,000

Please provide a complete description of this request.

This 7.5 mile project stretches between I-5 and SR-91, traversing the cities of Orange, Tustin, Santa Ana and Anaheim. The project will add a general purpose lane in each direction between I-5 and SR-22 as well as auxiliary lanes between ramps. The project also includes modifications to the Katella Avenue and Lincoln Avenue southbound ramps. Construction is slated for late 2026. Outreach will need to develop a Communications Plan based on an understanding of construction staging, key structures affected, and potential impacts to stakeholders and the traveling public in Spring 2026. Outreach also may be required to support the design team, as well as track and record community input and concerns.

OCTA, in coordination with Metrolink and the City of Dana Point is proposing to add 1.2 miles of siding railroad track adjacent to the existing mainline railroad track from south of Victoria Boulevard to west of the rail crossing at Beach Road. The project also includes replacing the existing main track and constructing a two span bridge over Pacific Coast Highway to carry the main and siding tracks. The project requires an Environmental Impact Report due to the sensitivities of the area. Metrolink is considering an alternative proposal to de-scope the project to be solely a bridge replacement project. Outreach will be required to develop new messaging, collaborate with sensitive community members, and prepare a Final Environmental postcard. The project is on hold. A new procurement is underway for an outreach consultant beginning April 2025.

This line item is for physical OC ACCESS stand signs to be used as pick up or drop off indicators.

Description:	Transit Access Report			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	2147-7519-D4302-Q1K	Quantity:	1
Line Item ID:	FY26-02177			Unit Cost:	\$674
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$674

Please provide a complete description of this request.

The Transit Access Report provides information and updates on current legal issues and interpretation of the Americans with Disabilities Act (ADA) as it applies to both paratransit and fixed route operations. The budget is based on a single two-year subscription.

Description:	Travel Training Program			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	2147-7519-D1503-THP	Quantity:	1
Line Item ID:	FY26-02172			Unit Cost:	\$387,782
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$387,782

Please provide a complete description of this request.

This program provides in-depth, group and/or one-on-one travel training for OC ACCESS customers who have restricted eligibility, seniors, persons with disabilities, and the general public, to encourage their use of fixed route service for some or all of their trips. This training could reduce the number of OCTA's OC ACCESS trips taken by some individuals.

Description:	Instacart Pilot Program			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	2147-7629-D1208-5AV	Quantity:	1
Line Item ID:	FY26-02180			Unit Cost:	\$24,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$24,000

Please provide a complete description of this request.

A 12-month pilot providing free monthly Instacart membership subscriptions to 200 OC ACCESS riders to offer free grocery and pharmacy deliveries to their homes, reducing mobility challenges and the need for OC ACCESS trips. This initiative will enhance rider independence and save on OC ACCESS expenses. The budget is based on an estimated 200 riders with a cap of \$10 per rider per month for Instacart membership, for one-year.

Description:	Mail House - Postage and Stuffing			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	2147-7629-D4302-8RH	Quantity:	1
Line Item ID:	FY26-02181			Unit Cost:	\$15,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$15,000

Please provide a complete description of this request.

Mailhouse services and postage fees are expensed with the quarterly Transit Connection Newsletter for active OC ACCESS customers (over 30,000 customers) and information pieces that may be necessary to inform OC ACCESS clients (over 14,000 clients) of service changes or issues. The increase from the previous fiscal year is to account for required surveys related to operations and Americans with Disabilities Act (ADA) compliance, notification of new software, and production of a new rider's guide due to changes in software and introduction of the new rider validation system (RVS).

Description:	Enterprise Asset Management System Training			Recurring?	<input type="checkbox"/>
FY:	2026	Account:	2159-7519-D2107-1Q3	Quantity:	1
Line Item ID:	FY26-02207			Unit Cost:	\$100,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$100,000

Please provide a complete description of this request.

Outside training for the Enterprise Asset Management (EAM) system for new enhancements.

Description:	Contracted Training - Natural Gas Tank Inspector			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	2169-7519-D2114-0P7	Quantity:	1
Line Item ID:	FY26-02375			Unit Cost:	\$6,500
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$6,500

Please provide a complete description of this request.

Training and certifications required to perform the mandated 12-month tank inspection on the fixed route compressed natural gas (CNG) powered and hydrogen fuel cell bus fleets. The required training is to certify 15 new and existing inspector licenses. This is an in-house training with CSA America who provides the online test at a fee of \$295.00 per test. There is also Red Cross AED-First Aid Certification training for High Voltage (HV) Qualified Mechanics and Supervisors.

Description:	Plasma Cutter and Brake Lathe Service			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	2194-7519-D2108-09Q	Quantity:	1
Line Item ID:	FY26-02394			Unit Cost:	\$8,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$8,000

Please provide a complete description of this request.

This item covers the maintenance and calibration of the Computer Numerical Control (CNC) plasma cutter and CNC brake lathe, ensuring that the machines operate within the manufacturer's tolerances.

Description:	Tool Calibration Services			Recurring?	<input checked="" type="checkbox"/>
FY:	2026	Account:	2194-7519-D2108-Q59	Quantity:	1
Line Item ID:	FY26-02395			Unit Cost:	\$35,000
Grant Funded?	<input type="checkbox"/>	Phase:	Ongoing Operation	Total:	\$35,000

Please provide a complete description of this request.

Tool calibration services support contracted services for Test, Measurement, and Diagnostic Equipment (TMDE) calibration. This item is necessary to ensure the accuracy of all TMDE in support of maintaining OCTA's fleet of vehicles, facilities, and their components. Agreement C32588.
