

GRH **Guaranteed Ride Home**

WHAT IS GUARANTEED RIDE HOME (GRH)?

The regional GRH Program provides a safety net which allows employees to rideshare to work without the worry of getting stranded due to illness, unexpected overtime or other emergencies. GRH ensures that ride-sharing employees will be reimbursed up to two times in a fiscal year (July 1 - June 30) for a taxi ride, rental car, carsharing company, or using a Transportation Network Company (e.g. Uber, Lyft, etc.) in event of a valid emergency.

Commuter Benefits

- Have peace of mind when ridesharing
- Receive reimbursement for emergency ride home

How Does GRH work?

Once a company enrolls, all employees who rideshare to work are eligible for reimbursement. After an employee provides their employer with a receipt from their emergency ride home, the employer will submit a GRH Reimbursement Claim Form to the GRH office within 60 days of the emergency ride. Upon approval, the GRH office will send the reimbursement check to the appropriate party within 10 working days.

Program Qualifications

Employers who actively participate in the Vanpool, Perk Pass, AVR Processing, or Metrolink Corporate Programs are eligible to participate in the GRH Program. To apply and be accepted, employers must have two designated employees onsite to administer the GRH Program.

Employer Benefits

For some commuters, fear of being stranded at work during an emergency is the main factor keeping them from Ridesharing. GRH solves this issue and encourages employees to rideshare with confidence.

Is GRH for you?

- Have a rideshare program
- Have employees considering ridesharing
- Have internal administration
