

## UPDATE: Eastbound 4th St. Closures

**WHAT:** Continuation of rolling road closures to accommodate arm installation activities. To accommodate work on the Overhead Wire System poles, the contractor will continue rolling closures across several block segments next week. These dates are approximate and as work is completed, the street and parking will be opened, and the next segment will be activated.

**WHERE:** Eastbound 4th Street, from Ross Street and French Street.

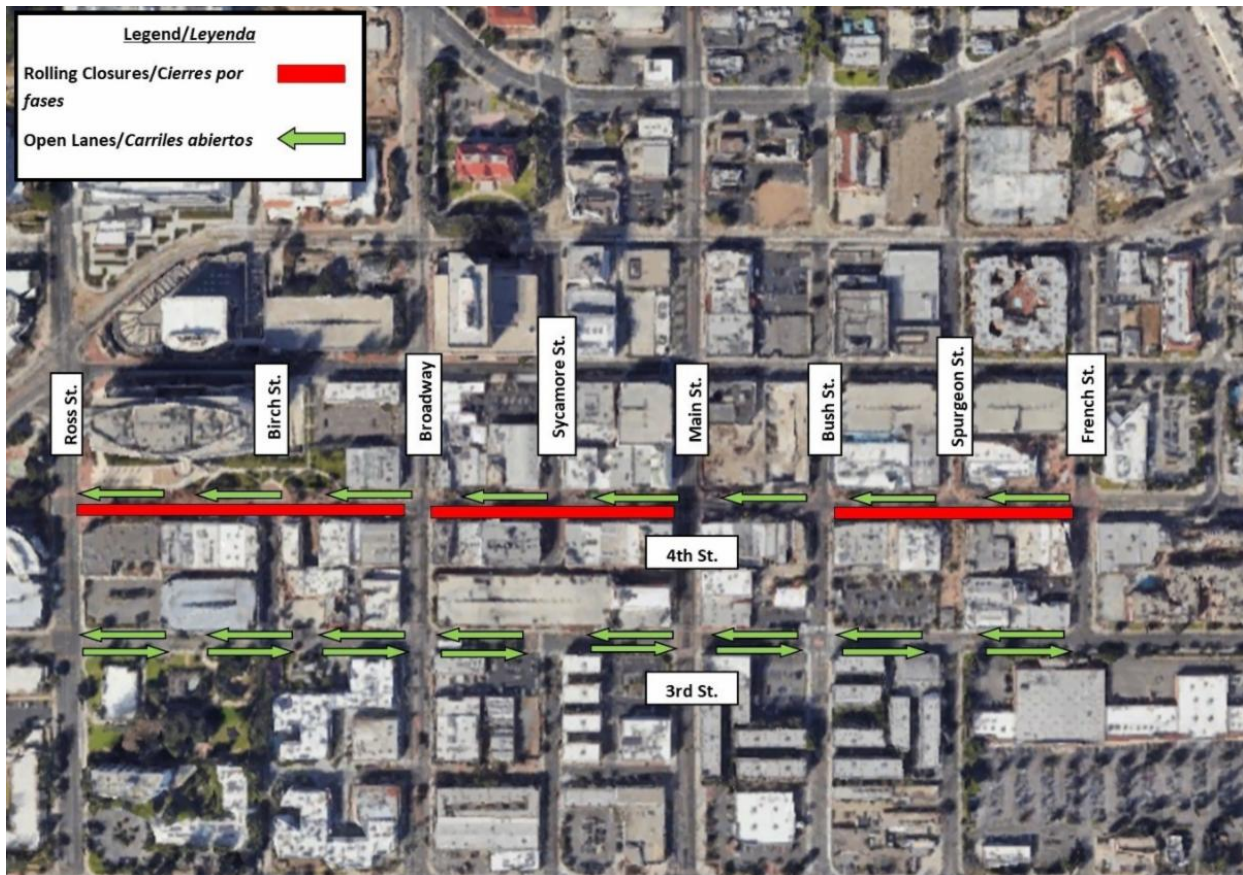

- Ross Street to Broadway
- Broadway to Main Street
- Bush Street to French Street

**WHEN:** The rolling closures are anticipated to continue as early as Monday, May 6. Rolling closures will continue through approximately mid-week, 7 a.m. to 4 p.m. each day. One segment will be closed at a time.

The schedule is subject to change due to inclement weather or unforeseen operational issues. Work activities are weather and site condition dependent. If a rain event occurs on the anticipated start date, the construction activity will be delayed until the weather clears. This work may be loud. Follow us on social media for updates.

A map of the closures is below.
