

SAN JUAN CREEK BRIDGE REPLACEMENT PROJECT

About the Project

The Orange County Transportation Authority (OCTA), in coordination with Metrolink, is replacing the railroad bridge over San Juan Creek in the City of San Juan Capistrano to enhance safety and reduce maintenance needs. Once the new bridge is completed and train service is switched over, the existing bridge will be demolished. Construction is expected to be completed in early 2027.

Additional Closure of San Juan Creek Trail Set to Begin Aug. 19

What

The San Juan Creek Trail is expected to close as soon as Monday, Aug. 19 and reopen in mid-September. This closure is necessary for the safety of trail users and crews as construction equipment is being moved across the trail to continue construction of the new railroad bridge.

Trail users will be detoured to Camino Capistrano, Del Obispo Street and the Trabuco Creek Trail. Bicyclists are encouraged to walk their bikes along Del Obispo Street. Detour signs will be installed prior to the closure. *Click on the detour map to enlarge.*

This work will be loud. The schedule is subject to change due to inclement weather or unforeseen operational issues.
