

SAN JUAN CREEK BRIDGE REPLACEMENT PROJECT

About the Project

The Orange County Transportation Authority (OCTA), in coordination with Metrolink, is replacing the railroad bridge over San Juan Creek in the City of San Juan Capistrano to enhance safety and reduce maintenance needs. Once the new bridge is completed and train service is switched over, the existing bridge will be demolished. Construction is expected to be completed in early 2027.

San Juan Creek Trail Expected to Close in Mid-November

The San Juan Creek Trail is expected to close in mid-November for an extended period of time to allow crews to construct a retaining wall and perform work on the new railroad bridge. The closure will occur during work hours from 6 a.m. to 5 p.m. At the end of each shift, the trail will reopen to the public. Specific dates for the closure will be available in future communications.

Retaining Wall Construction Extended Hours

Crews are expected to begin pouring concrete and drilling piles for a new retaining wall that will be constructed next to the City Hall and Santa Margarita Water District facilities. Construction vehicles will access the location using Paseo Adelanto. Click on the map to enlarge.

Beginning the week of Oct. 21, crews will be working extended hours from **6 a.m. to 1 a.m.** the following morning until the end of October.

Neighboring residents may experience noise from backup alarms and train horns, as well as lighting from nighttime operations.

This work may be loud. The schedule is subject to change due to inclement weather or unforeseen operational issues.

In Your Community

The Public Outreach team will be hosting our next project information booth to continue sharing project information, updates on construction activities, and answer your questions.

We look forward to seeing you at:

Descanso Park
32506 Paseo Adelanto, San Juan Capistrano
Friday, Oct. 25 from 10 a.m. to 2 p.m.
