Estimated schedule and cost subject to change

PROJECT OVERVIEW

OCTA and Caltrans are working together to construct the I-5 Freeway Improvement Project from SR-73 to El Toro Road in south Orange County. The project spans 6.5 miles and once completed, will have new overhead signage, new sound and retaining walls, as well as numerous other operational and technological upgrades, including:

-  New regular lane in each direction of I-5 between Avery Parkway to Alicia Parkway
-  Extended second carpool lane from Alicia to El Toro Road in both directions as well as convert carpool lanes to continuous access
-  Reconstructed and improved Avery and La Paz Road interchanges
-  New Los Alisos Boulevard Bridge, including improved sidewalks and bicycle lanes
-  New auxiliary lanes at seven locations

PROJECT STATUS

The project is about 80 percent complete and is being constructed in three distinct segments. The overall estimated construction schedule spans from 2019 to late 2024.

Throughout construction, OCTA and Caltrans will continue to work together with motorists and stakeholders as well as our cities and county partners.
