

# 1998 TRAFFIC FLOW

## Orange County, California

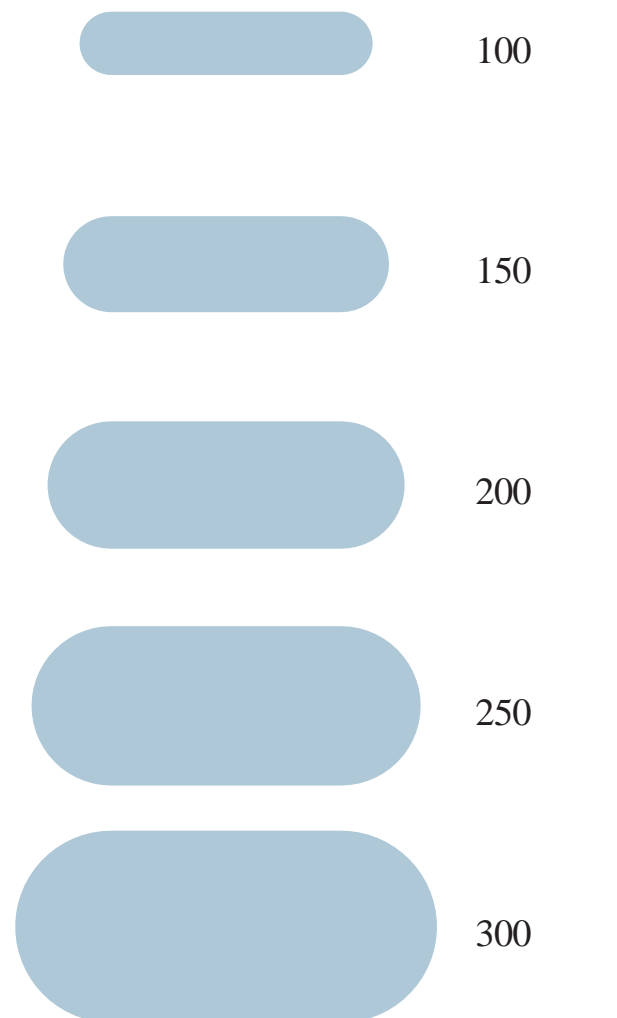

### LEGEND

THOUSANDS OF VEHICLES PER DAY

ARTERIAL HIGHWAYS

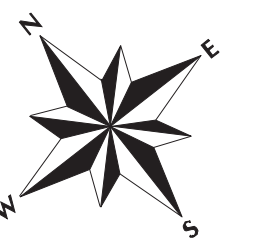

FREEWAYS

VOLUME SCALE: 1" = 300,000 VEHICLES/DAY

This map has been compiled by the Orange County Transportation Authority with inputs from Orange County cities, County of Orange and Caltrans. In locations where updated traffic count data were not available, the last reported traffic volumes have been increased by 1.5% per year, based on region-wide historical counts.

August 11, 1999
