

New Gantries In Place

Have you noticed the new gantries on the 91 Express Lanes? Due to the Westbound and Eastbound Lane Addition Project along State Route 91 (SR-91), the toll facility gantries had to be reconfigured to accommodate the extra lanes on SR-91.

Instead of the previous large overhead structure, the new gantries are mounted cantilever-style from a large, vertical support. New signage identifying lane positions is mounted on the front of the gantry and toll recording equipment is affixed to the gantry behind the signage.

The new westbound gantry was the first to be installed, and toll-recording equipment was relocated to the new gantry. Westbound lane testing was conducted to ensure that tolls for vehicles using the toll facility were accurately recorded. Installation of the eastbound gantry and toll equipment followed, along with lane testing.

With the new gantries in place and fully operational, you can count on the 91 Express Lanes to continue providing our customers with the excellent, time-saving service they expect.

SPRING 2012

- New Gantries in Place
- Get Discounts and Special Event Savings
- Smooth Sailing to Extend into Riverside County
- SR-91 Widening Project Moving Along
- New Toll Reductions Effective April 1, 2012

The 91 Express Lanes is owned and operated by the Orange County Transportation Authority. For more information, call (951) 278-9191 or visit www.91expresslanes.com.

Destination Discount Partners
Just show your transponder and you'll receive a discount at a variety of destinations.

Get Discounts and Special Event Savings

The 91 Express Lanes can help you save more than time. Our Destination Discount Partners can help you save money with discounts at a variety of Orange County attractions and popular destinations. You can also save with our special event discounts.

Our Destination Discount Partners include a variety of venues from the Aquarium of the Pacific to Zoomars in San Juan Capistrano. All you have to do to save is show your 91 Express Lanes' transponder when purchasing tickets.

You can also save with special event discounts for 91 Express Lanes customers that we promote via email blasts. Our most recent event was the Dana Point Festival of Whales, with big savings on whale watching excursions and exclusive hotel deals. If you would like to hear about future special event discounts, sign up by including your email address at www.91expresslanes.com.

If you haven't taken advantage of our Destination Discounts, give it a try. Check out the many discounts available on our Destination Discount Partners page by visiting www.91expresslanes.com/discounts.

Start having more fun for less with the 91 Express Lanes' Destination Discount Partners and our special event promotions!

Smooth Sailing to Extend into Riverside County

OCTA negotiated an agreement in December 2011 with the Riverside County Transportation Commission (RCTC) to extend the 91 Express Lanes into Riverside County. The proposed extension would run from the Orange/Riverside County line eastward to Interstate 15.

The agreement specified the various responsibilities of OCTA and RCTC to mitigate the potential impacts that construction of the RCTC toll facility may have on the existing 91 Express Lanes.

The agreement also established a framework for cooperation and coordination between OCTA and RCTC to operate the 91 Express Lanes in both counties so that customers will experience a seamless transition between the two facilities.

While construction of the 91 Express Lanes extension in Riverside County has yet to begin, the new toll lanes are expected to be operational in 2017.

SR-91 Widening Project Moving Along

The new gantries on the 91 Express Lanes aren't the only changes along the SR-91. Changes are also under way between SR-55 and SR-241.

As part of the Westbound and Eastbound Widening Project, three bridges – Lakeview Avenue, Imperial Highway and Yorba Linda Boulevard/Weir Canyon Road – are being widened. In addition, fifteen on- and off-ramps will be realigned, making safer and smoother transitions for motorists entering and exiting the freeway. When ramp realignment work is completed, motorists exiting eastbound at

Lakeview, Imperial Highway and Yorba Linda/Weir Canyon will have two exit lanes, instead of the single lane currently in operation.

Beyond the new lanes and realigned on- and off-ramps, other benefits of the \$66 million project include:

- Standardized 12-foot lanes and 10-foot shoulders
- Widened bridges at Imperial Highway and Yorba Linda Boulevard/Weir Canyon Road

- New striping throughout the project limits
- A new 1 ½-mile soundwall on the eastbound side of the freeway beginning east of Imperial Highway
- A bioswale drainage facility

For information on closures and detours during construction, visit www.octa.net/sr91/alerts, Caltrans District 12 on Facebook, or call the Transportation Helpline at (800) 724-0353.

New Toll Reductions Effective April 1, 2012

To help manage congestion and optimize the number of vehicles traveling on the 91 Express Lanes, a toll adjustment is being made. Starting April 1, 2012, tolls will be reduced for the hours marked in blue on the toll schedules to the right.

The toll reduction is OCTA's congestion management pricing at work. It's our way of delivering a fast, safe and reliable commute to you when traveling on the 91 Express Lanes.

Please check the toll schedule to the right for the latest toll adjustments.
